During 2013 the Audit and Risk Committee convened 4 meetings, with the Company's external auditors and internal auditors including the management to review compliance with accounting standard requirements and internal controls prior to approving the quarterly reports and the annual financial statements. These meetings also included discussions with the Company's internal audit team to review and advise on its findings and to follow up on matters arising from the schedule of work that the Audit and Risk Committee had approved the internal auditor to undertake during 2013, thereby ensuring that this work was both sufficient and effective. Apart from this, the Audit and Risk Committee attended one non-management meeting with the external auditor to deliberate accounting approaches and audit plans.

Each of the Audit and Risk Committee members attended all meetings convened in 2013.

With regard to risk management, the Audit and Risk Committee reviewed the risk registers of the Company's major business units with the Company's Group Risk Committee. During the review, the Audit and Risk Committee advised on mitigation measures for identified risks and checked that the risk management policies and work undertaken by the Company's Group Risk Committee continues to be adequate and effective.

The Audit and Risk Committee is satisfied that the Group's internal controls are sufficient and effective both to support its operations and to enable the external auditors to express an opinion on the financial statements that they present fairly in all material respects the financial position and results of the Group's operations. Where internal control weaknesses have been detected during the course of the Audit and Risk Committee's reviews these have not been considered material and in all cases management has been alerted and has taken appropriate corrective action.

The Audit and Risk Committee is of the opinion that risk management is now well understood and practiced throughout the Group and that systems are generally in place to ensure an ongoing process of risk management.

The Audit and Risk Committee is satisfied that the Company has performed in compliance with the SEC/SET rules and regulations and the laws related to the business of the Company and that the Company has supported and continuously developed its good corporate governance principles.

Despite the complexity of the Group's structure which primarily arises from the integration of several resorts at Laguna Phuket, the Audit and Risk Committee is satisfied that all connected transactions that were reviewed by it and arose in 2013 were fair and reasonable and had been entered into on an arms-length basis applying the principles of an open market transaction between willing parties.

The interests of all shareholders remain the principal objective of the Audit and Risk Committee. The Company's operating results and financial reports are therefore reviewed for transparency and completeness. In this regard the Audit and Risk Committee has been able to satisfactorily resolve all matters arising within the terms of its Charter with both the management and the external and internal auditors.
