Message from Chairman

I am pleased to report that 2023 was a banner year for LRH Group. We delivered our best-ever performance, despite a challenging operating environment that included a sluggish global economy, weaker-than-expected growth in China, and widening geopolitical conflicts.

Record-breaking Property Sales

The Group's Property Sales set new records, with the total sales value exceeding THB 6.8 billion in 2023. This was triple the value of sales in 2019, before the pandemic.

Several external factors contributed to this stellar performance. Capital outflows from Russia due to the war in Ukraine, as well as the increase in direct flights between Russia and Phuket, spurred demand from Russian buyers. High inflation also drove investors to shift from financial assets to hard assets such as real estate. In addition, the luxury low-rise residential market in Phuket benefited from Thailand's introduction of the long-term resident visa and the Thailand Elite visa, which attracted interest from high-net-worth individuals.

The robust pipeline of Property Sales revenue to be recognised in 2024 and beyond secures our cashflow for the next two to three years.

We also embarked on development of Laguna Lakelands, our most ambitious nature-integrated project to date. Spanning more than 700 rai and featuring six distinct zones, it promises a new paradigm in immersive living.

Rebound in Hospitality Business

The Group's hotel business also performed above expectations, rebounding convincingly after the pandemic. This was attributable to Thailand's tourist arrivals more than doubling year-on-year as countries lifted travel restrictions. Though still short of pre-pandemic arrival numbers, this is indicative of a steady, ongoing recovery.

"

I look forward to our continued collaboration to create long-term value for all stakeholders while conducting our business in an environmentally responsible manner.

"

Banyan Tree Grand Residences Lagoon Pool Villa

During the pandemic, we had already anticipated the boom in travel centering on wellness, nature, and self-discovery. We have been able to capitalise on these trends quickly, given the Group's track record of ecologically sensitive design, wellness as part of hospitality, and connecting guests to the unique cultural and natural treasures of destinations.

Acknowledgments

LRH Group is in a strong position to scale greater heights, especially with the recovery in world tourism well underway. I would like to thank our Board members, associates, guests, partners, and shareholders for their unwavering support through thick and thin. I look forward to our continued collaboration to create long-term value for all stakeholders while conducting our business in an environmentally responsible manner.

Mr. Ho KwonPing Chairman of the Board

Message from Chief Executive Officer

LRH Group's performance in 2023 was the strongest in company history. We registered revenue of THB 6 billion, up by a noteworthy 27% from the previous year. EBITDA and PATMI (Profit after Tax and Minority Interest) also grew accordingly, with the latter reaching THB 368 million, a remarkable increase compared to the THB 7 million in 2022 and surpassing the pre-pandemic PATMI in 2019. Meanwhile, effective cost control enabled us to double operating profit to THB 1 billion. As a result, LRH Group ended the year with a very healthy cash balance.

Hotel Business Highlights

Thailand outperformed targets, welcoming 28 million foreign visitors in 2023. Accordingly, Group hotel occupancy rose to approximately 70%, reaching the pre-Covid levels of 2019. The full-year revenue of THB 3.7 billion and operating profit of THB 570 million exceeded expectations and showed improvement versus 2022 and 2019. These signal that the business is on a new growth trajectory.

Thanks in part to the tourism rebound, our flagship Banyan Tree Phuket enjoyed its best year on record. Other contributing factors included our group-wide strategy of smoothing out fluctuations in demand throughout the year. A rate-focused strategy also increased the average daily rate (ADR) by 27% and 15% as compared to 2022 and 2019 respectively, which in turn raised Revenue Per Available Room (RevPAR).

Property Sales Highlights

In tandem with the uptick in tourist arrivals, Property Sales saw strong momentum in 2023. Total whole-year sales stood at a new all-time high of THB 6.8 billion, up by a significant 40% compared to THB 4.8 billion in 2022. Consequently, unrecognised revenue amounting to approximately THB 10 billion will be recognised over the next three to four years.

"

I am confident that we are in a good position to seize the day and grow the business. My appreciation goes to all stakeholders.

Lake View Residences

0000

Our projects launched during the year were well-received by a market that continues to shift towards mid-scale, upscale, and luxury branded residences. The first projects at Laguna Lakelands, which is slated to be Phuket's largest residential community, received a highly positive response following their launch in December 2023.

To widen the base of potential purchasers, we continued to grow our offsite sales development network in key source markets, namely China, Russia, and the Middle East.

Looking Ahead

In addition to new projects, we have in place a disciplined maintenance program to upkeep and uplift existing hotels. This, along with tactical refreshing of F&B and wellness offerings, will keep customer satisfaction high and preserve our competitiveness in both Bangkok and Phuket.

On the Property Sales front, the Phuket residential market continues to be buoyant. Throughout 2024 we will be launching a wide range of products to capture all market segments, from the entry level to the luxury segment.

With these strategies in place, I am confident that we are in a good position to seize the day and grow the business. My appreciation goes to all stakeholders who have contributed to LRH Group's success.

Vision

To be a leading international hotel and property developer with full commitment to environmental protection, social responsibility and maximum satisfaction to all stakeholders with an aim to pursue sustainable long-term business value development.

Mission

The Company has a clearly defined corporate mission designed to further its business aims and generate maximum returns for its shareholders. Principal in the Company's mission statement is to include a culture of cooperation between the hotels and business units to ensure a positive experience for each and every hotel guest, holiday club member and property owner in Laguna Phuket, its most significant investment. In order to avoid an over reliance on its operations in Laguna Phuket, the Company continues to diversify its investment portfolio away from Phuket by investing in projects in other parts of Thailand and within the Southeast Asia region and the People's Republic of China. Paramount in its mission of generating continued growth through expansion, innovation and maximisation of market share, the Company seeks to conduct its operations in an environmentally sensitive manner.

Operational Highlights

Operational Highlights

Hospitality Business

We continued to refresh our resorts throughout the year to maintain their appeal. After serving club members for many years, the Laguna Holiday Club Phuket was officially rebranded as Homm Suites Laguna on 15 November 2023. Nestled in the idyllic surrounds of Laguna Phuket's Golf Club, the resort is a contemporary retreat that promises an unparalleled blend of tranquillity and comfort in Phuket's most coveted enclave. A convenient 25-minute journey from Phuket International Airport, Homm Suites Laguna is a haven for the discerning traveller.

The beachfront at Angsana Laguna Phuket was renovated and unveiled in December. Featuring the all-new Xana Beach and Bar, the newly rejuvenated area will provide the ultimate beach experience with swing seats, refreshing cocktails, breathtaking views and stunning sunsets.

On the F&B side, ATOLL, our floating restaurant in the lagoon of Angsana Laguna Phuket was relocated to Banyan Tree Phuket and reopened as Tin Tapas Bar in late 2023. A nod to the resort's legacy as a former tin mine, the floating bar offers a unique dining experience of Asian tapas and signature drinks against a backdrop of serene lagoon views and breathtaking sunsets.

Property Developments

Capitalising on continuing strong demand for residential properties in Phuket, we rolled out a wide range of residential projects during the year. Following the successful debut of Skypark Celeste in 2022, we launched Laguna Lakeside Residences in early 2023 to provide more options in the entry-level segment. These affordable one - and two - bedroom condominiums are ideally positioned in the exclusive Laguna Phuket, yet only a short stroll to the popular lifestyle, dining and retail precinct of Boat Avenue and Central de Porto Phuket.

We also launched Banyan Tree Grand Residences Beach Terraces in the first quarter of 2023, shortly after introducing the Oceanfront Villas and Seaview Residences product types in late 2022. This was followed by the launch of Banyan Tree Residences Beach Villas & Beach Residences in the fourth quarter of 2023. The successive launches of luxury projects provided a variety of products to sustain investor interest and capture the luxury segment throughout the year. The prime beachfront location of these projects will allow owners to experience the epitome of luxury living within an exclusive enclave adorned with breathtaking beachside homes. Offering a fusion of elegance and comfort, these exquisite homes feature three to four spacious bedrooms alongside the allure of a private pool.

In the upscale segment, Building 2 of Angsana Oceanview Residences was released to the market in the second quarter of 2023. The luxury two- and three- bedroom private pool residences with lagoon and sea views have proven popular. Construction of the sold-out Building 1 was completed and units were handed over to the owners in the fourth quarter of 2023.

Wellness

Laguna Wellness is the latest collaboration between Laguna Phuket and Bangkok Dusit Medical Services (BDMS). Officially opened in June 2023, this innovative medical and wellness facility offers a wide range of healthcare services and holistic support, including cutting-edge regenerative medicine, rehabilitation programs, and comprehensive health check-up packages. With a focus on anti-aging treatments, food intolerance management, hormone therapy, weight management, gene testing, booster programs, and IV drips, our clinic provides advanced medical solutions tailored to individual needs.

The new facility positions Laguna Phuket as a premium wellness hub in the region, as well as giving residents of Laguna Phuket access to the latest medical technology and the expertise of world-class medical professionals. Catering to the increasing number of individuals who choose to visit Phuket for medical treatment as part of their holiday, the centre also appeals to those considering investing in residential property on the island.

Laundry Business

Laguna Laundry service was established in 1992 to serve three hotels within Laguna Phuket. Since 2002, this business unit under Laguna Services has succeeded in building an external customer base and has gradually gained market share.

As Laguna Laundry reached maximum production capacity, we initiated expansion efforts. Phase 1 was completed in 2023, increasing production capacity from 1.5 tons per hour to 2.6 tons per hour. This allowed Laguna Laundry to capture new customers, securing the servicing of more than 3,000 additional room keys in 2023. With more than 9,000 hotel room keys being serviced in 2023, Laguna Laundry has the largest market share in Phuket's laundry business.

Sales and Marketing

Hotels

All of the Group's hotels and business units prepare an annual Sales and Marketing Plan to support and guide how they plan to achieve the budgeted revenues. For the hotels, the plans include statistics showing comparisons to the prior year, market segmentation analysis, pricing strategy, promotion, and PR plans, etc.

The 2023 markets and geographical segmentation in terms of room revenue are set out in the table below:

Laguna Phuket hotels	Banyan Tree Bangkok
Targeted Markets / Type of Customers For full year 2023, the FIT (Free Independent Traveler) markets account for 41% of room revenue while Wholesale markets represent 40%, MICE business contributed to 14% with 5% originating from a combination of Air Crew and Long Stay business.	Targeted Markets / Type of Customers The FIT (Free Independent Traveler) leisure markets account for 64% of total revenue, while Wholesale markets represent 29% and individual business travellers and group business represent the rest.
High season months such as January to March, November and December saw higher revenue contribution from Wholesale markets, accounting for around 47%, compared to FY 40% while FIT markets had a higher contribution during low season of April till October, with around 53% share, compared to FY 41%.	
Geographical Segmentation Asia	Geographical Segmentation Asia
as a whole came in with the largest share with 32%, with China, Korea, Thailand, India, and Singapore. With China being the largest contributor with 12%.	56%, mainly targeting the Eastern Asian and domestic market.
Europe	Europe
contributed 17%, mainly from United Kingdom, Germany, France, Switzerland and Belgium.	25%, mainly from the United Kingdom and Germany.
Russia as a country contributed the largest amount with 25%, mainly coming during Q1 and Q4 periods.	Others 10% from North America, 7% from Australia and the rest of world represent the rest.
Middle East with 11% share, and UAE the largest contributor with 3%	Banyan Tree Bangkok has budgeted 17% of domestic market for the first quarter of 2023 with the rest coming from Korea, Japan, Singapore, Europe, USA, Australia and
North America slightly behind Middle East with 6%, and USA contributing nearly the entire amount.	China coming in between Q1 - Q2 due to gradual reopening of China is occured into Q1 2023, plus support from international business long-haul market as well.

The year 2023 has seen a spike in demand and traveling, with several key countries showing significantly stronger demand compared to pre-covid levels.

Majority of countries such as Russia, Europe, Korea, Middle East and India have outperformed revenue from Pre-Covid by than 30%, with India the strongest growth with more than double, mainly attributed to the wedding market. The only 2 countries that have underperformed were Japan and China. With Japan segnanting due to the conservative nature of the market, and China still undergoing macro economical struggles mainly attributed to the possible collapse of the real estate industry.

Property Sales

With the growing popularity of Phuket, the real estate market continues to flourish, with strong demand driven by affluent high networth individuals and a shift in lifestyle preferences. We continue to see a shift in demand to midscale, upscale and luxury segments for well-positioned branded residences. The pandemic caused people to rethink their lifestyle and work preferences, such as living in less densely populated locations and the ability to work from home. Upscale and luxury property buyers are also less prone to the impact of economic uncertainty. Our products, which range from affordably priced apartments to luxury branded residential offerings, are wellpositioned to cater to these market segments. The Group seeks to continually improve property sales performance going forward. Areas of focus will include:

- Selling the already completed property sales inventory.
- Penetration into local Thai market and newly emerging regional markets such as the People's Republic of China, Republic of India, Middle East, while maintaining strong sales to existing markets such as Russia.
- Increased online sales activities
- Increased offline sales activities (sales channel partners and regular events and roadshows) in key source and newly emerging markets
- Having collaterals in several different languages and increased online / digital marketing.
- Offering a comprehensive range of properties to suit all budgets and maintaining competitively priced products for both investment and/or lifestyle buyer segments.
- Introducing innovative promotions and incentives such as long-term payment plans, free hotel stay, retirement, and long-stay visa for foreign buyers.
- Continuing to improve our excellent after-sales services.

The Group will stay very close to the market to ensure that the Group continues its leadership position.

Market Situation

- By early 2023 Thailand was permitting the entry of international tourists free of COVID-19 restrictions and the return of tourism was resulting in the beginning of the much anticipated resurgence.
- By end of 2023, Thailand welcomed more than 28 million foreign arrivals, generating more than a trillion baht in revnue from tourist spending. This result surpassed the 25-28 million target for the year and increased by 20% comparing to 2022. The leading countries, from where these tourists hailed, were Malaysia, with a staggering 4,563,020 tourists, followed closely by China at 3,519,735 tourists. South Korea, India, and Russia also contributed significantly to the tourist numbers, with 1,658,688 tourists, 1,626,720 tourists, and 1,481,878 tourists respectively.
- Chinese tourist arrivals was far below pre-pandemic level. The number of flights from China to Thailand in the winter of 2023 (November 2023 February 2024) is 41% fewer than in the winter of 2019.
- Bangkok overtook Paris as the world's most visited city. Bangkok received the top ranking as the city with the most foreign visitors, totaling 22.78 million people.
- Phuket finished 2023 with over 14 million international and domestic tourists with tourism-related revenue exceeded 200 billion baht, according to Phuket Tourist Association. New direct flights from Phuket and Vietnam, Saudi Arabia and China have been added which have contributed the increamental arrivals and connecting opportunities.

• In tandem with the post-pandemic rebound in tourism, our property sales business saw continuing strong momentum and set another new record. Russia remained our largest source of buyers in 2023. Phuket's luxury low-rise residential market witnessed robust demand from high-net-worth individuals, following Thailand's introduction of the long-term resident visa and the new Thailand Elite visa programme. Strong demand for real estate is expected to continue in 2024. Thailand's luxury branded residence market is flourishing, attracting affluent buyers and experiencing significant growth, with a focus on global ultra-high-net-worth individuals.

Phuket: The competitive sets of Laguna Phuket are upper-tier hotels and luxury villas. Hotels in Phuket continue to face competition from rental properties which offer competitive rates for longer stay visitors, as well as competition from other resort destinations within the region.

Bangkok: The number of newly built hotels from recent years has and in pipeline has continuously led to an oversupply in downtown Bangkok as we saw some market demand has shifted to new opened hotels. This make overall Bangkok become higher competitive market.

Property

The majority of Laguna Phuket's direct competitors are located along the central west coast where much of the newer, upper-end properties are located. The less-developed east-coast does not have the same quality of infrastructure and lacks good quality beaches.

Laguna Phuket has a combination of its brand, location, quality, and range of products to set it apart from its competitors. There are many developers targeting buyers in the sub-Baht 10 million segments; however, Laguna Phuket has a lot to offer our property buyers which cannot be matched by other competing projects. These include a long history of developing quality homes in a safe, secure, and beautifully landscaped environment supported by a team of well-trained after-sales staff offering a myriad of home services. Laguna Phuket also offers our homeowners a wide variety of dining and recreational facilities including an 18-hole golf course right at their doorstep.

Pricing Strategy

In 2023, the hotels in Phuket and Bangkok managed to maximize their rates through dynamic pricing strategy; the ADR of Banyan Tree Bangkok increased 7% vs pre-covid level and the ADR of Phuket hotels increased 4% vs pre-covid level.

The hotels in Phuket and Bangkok are operating in a competitive environment and the Group will need to maintain vigilance and be flexible on its room rates to adapt to market changes to maximize yield and RevPAR (revenue per available room). We will keep the market diverse without relying on a single country to avoid any repercussions if something untoward happens.

In the property sector, competitive pricing will be required to maintain strong rates of sales. The Group will also continue with the strategy to offer a comprehensive portfolio of properties across all price segments ranging from entry level (sub-Baht 10 million) such as Skypark, mid-range (Baht 10-30 million) such as Laguna Seaside, upscale (Baht 30 – 80 million) such as Angsana and Laguna Residences and luxury (Baht 80 million upwards) such as Banyan Tree Residences.

Three Year Outlook

The Thai economy is projected to grow by 3.2% in 2024. This will be supported by a rebound in tourism, a recovery in exports and continued growth in domestic consumption. The tourism sector is expected to make a strong recovery in 2024, with foreign tourist arrivals projected to reach at least 30 million. This will boost growth in the hospitality, transportation and retail sectors.

Inflation is expected to remain within the Bank of Thailand's target range of 1-3% in 2024. The government's measures to ease energy and food prices are expected to help keep inflation in check.

In a move to further stimulate tourism, the Thai and China governments permanently confirmed to waive visa requirements for each other's citizens from March 2024 onwards. This strategic decision not only signals economic revival post-pandemic but also showcases enhanced cooperation between Thailand and China, promising a significant uplift for the tourism sector.

Phuket: The Tourism Authority of Thailand (TAT)'s Phuket office will continue promoting the province as a yearround destination with no official low season. The key strategy is targeting tourists from Taiwan, Hong Kong, Malaysia, Singapore and Vietnam during the typical low season, which starts around May while trying to maintain those from Russia and Kazakhstan. In addition, community tourism will be promoted among those who arrive on cruise ships, students who come to Phuket for a short language course as well as Chinese tourists who tend to travel solo or in small groups.

We are positive with the revenue forecast to be back at the same level or even ahead of Pre-Covid years. However, the hotel operations are still suffering about labour shortages as workers have not fully returned to the tourism industry after the Covid downturn. Hotels will have to allow more overtime and offer higher wages in order to solve the manning issue and remain competitive in the labour market.

Looking ahead, real estate demand is expected to remain strong in 2024. Thailand's luxury branded residence market is flourishing, attracting affluent buyers and experiencing significant growth, with a focus on global ultra-high-net-worth individuals. China, one of our key source markets, and Thailand have agreed to a permanent visa-free policy starting March 2024, fostering diplomatic relations and stimulating economic activity in their respective tourism sectors. Accordingly, we expect to benefit from rising tourism arrivals, our extensive sales network and stellar brand reputation. Given the enduring appeal of Phuket and Bangkok, their value proposition, and their standing among global resort markets, the Company is still confident about the long-term prospects.

Others	1,571	2,127	6,957
Total Other Income	117,901	48,818	31,930

The "gain on revaluation of investment property" relates to the office units for lease at Thai Wah Tower I located in Bangkok, the Canal Village retail development located in Laguna Phuket, and lands located in Northern provinces of Thailand. A revaluation of these properties are conducted annually by an independent appraiser.

"Gain on sales of property, plant and equipment" in 2023 and 2021 resulted from selling of Townhome units under Laguna Holiday Club and disposal of Banyan Tree Gallery's warehouse in Singapore, respectively.

"Rental and Service Fee" is the income generated from the rental of Banyan Tree Management Academy building in Phuket.

4. Types of Business

The key businesses of the Group are hotel operations, property development operations, and office rental. The Group's major business investment largely revolves around the operation and management of the integrated resort of Laguna Phuket, located on the island of Phuket in Thailand, as well as its investments in the Banyan Tree Bangkok.

Hotel Operations

Hotels

The Group has ownership in hotels in Phuket and Bangkok all of which are top-tier and luxury properties. The hotels offer a diverse range of accommodations which also include bars and restaurants, swimming pools, fitness centres, meeting rooms and facilities, business centres, etc.

In those hotels, some are owned by property investors who receive a return on their investment by joining a hotel management scheme and renting their properties to guests while some units are sold as holiday club membership.

The Group owns significant land both within and adjacent to Laguna Phuket upon which it plans to construct future property developments.

After Sales Property Management Services

A vital differentiation from other property developers, Laguna has a dedicated, multi-lingual after-sales services team to provide various property management and estate services to owners who buy properties within Laguna Phuket. The services comprise rentals (i.e. holiday and long-term rentals) and property maintenance (i.e. pool cleaning, handyman services, landscape maintenance, engineering services, and common area management) for non-hotel managed properties. The objective of the after-sales service team is to further enhance the ease of property ownership in Laguna Phuket by providing a one-stop-shop that is unmatched by any other development in Phuket.

Holiday Club Business

Angsana Vacation Club (ANVC) is a 25-year point-based membership club that allows its members the use of predominantly Angsana properties and some selected participating Banyan Tree properties. To safeguard the rights and interests of its members, ANVC is incorporated and owned by an independent trustee. The Company is engaged in the membership services and asset management of ANVC only.

Office Rental

Strategically located on South Sathorn Road, Thai Wah Tower I is a 24-storey granite-clad building and is one of the very first office condominium buildings in Bangkok. The entire building has approximately 20,000 sq.m. of usable area of which 16,113 sq.m. is owned by the Group. Through the years the building has maintained its reputation and the lobby of the building underwent a renovation to improve its competitiveness against newer office buildings that have opened in the vicinity as a premium office building with timely refurbishments

Overseas Investment in Hotels and Resorts

The Group also has an investment in the Banyan Tree Indochina Hospitality Fund which has developed an integrated resort in Laguna Langco in Vietnam.

Additionally, the Group has other investments overseas through Tropical Resorts Limited (TRL) and Bibace Investments Ltd (BI) which invest in luxury resorts largely throughout the Pacific Rim area.

Developments in 2023

By end of 2023, Thailand welcomed more than 28 million foreign arrivals, generating more than a trillion baht in revnue from tourist spending. This result surpassed the 25-28 million target for the year and increased by 20% comparing to 2022. The leading countries, from where these tourists hailed, were Malaysia, with a staggering 4,563,020 tourists, followed closely by China at 3,519,735 tourists. South Korea, India, and Russia also contributed significantly to the tourist numbers, with 1,658,688 tourists, 1,626,720 tourists, and 1,481,878 tourists respectively. Chinese tourist arrivals was far below pre-pandemic level. The number of flights from China to Thailand in the winter of 2023 (November 2023 - February 2024) is 41% fewer than in the winter of 2019. Bangkok overtook Paris as the world's most visited city. Bangkok received the top ranking as the city with the most foreign visitors, totaling 22.78 million people. Phuket finished 2023 with over 14 million international and domestic tourists with tourism-related revenue exceeded 200 billion baht, according to Phuket Tourist Association. New direct flights from Phuket and Vietnam, Saudi Arabia and China have been added which have contributed the increamental arrivals and connecting opportunities.

Banyan Tree Bangkok has continued to leverage its reputation for being one of the best food & beverage establishments in Bangkok and Vertigo is ever popular, revenue from its F&B has been a key revenue contribution. For 2023, F&B revenue contribution was 51%, lower from 54% in 2022 as a recovery of room revenue was far more aggressive than F&B.

For Phuket hotels, room revenue still be the main revenue contribution of the hotels. In 2023, room revenue contribution was 64%, F&B was 29% and the others revenue was 7% while Angsana Laguna Phuket showed to have a higher F&B revenue of 38% due to MICE business.

For property development, during the year we launched several new projects including Banyan Tree Grand Residences Beach Terraces, Laguna Lakeside, Angsana Oceanview Phase 2, Banyan Tree Beach Residences and Banyan Tree Beach Villas. We also unveiled Laguna Lakelands in Phuket, an ambitious nature-infused project masterplanned as the largest residential community in Phuket situated on over 700 rai. The first projects at Laguna Lakelands – Laguna Lakelands Lakeview Residences and Waterfront Villas – achieved strong sales traction after their launch in December 2023.

The Group continued to expand its offsite sales development network in China, Russia, and Middle East to increase the number of sources of potential property buyers from channel partners along with more regular online events to promote our product offerings.

Future Plans

The Group is confident that in the medium to long term there are opportunities to further profitability and expand existing facilities, particularly in light of the ongoing high demand for Phuket and Bangkok in terms of both hotel and residential accommodation. Going forward the Group will focus on residential property development as its impetus of growth, including sales channel development and online / digital marketing activities in China, Russia, India, Middle East, South East Asia and other key markets to diversify our base and increase awareness to expand our reach to potential buyers with the objective to build up a strong pipeline of property sales to ensure the Group maintains a high level of annual sales for sustainable revenue growth.

Hotels

We will continue to drive direct bookings as our main focus. Our sales & marketing strategies also prioritise in online marketing, dynamice pricing and distribution channels. With Thailand tourism's positive outlook in 2024 as the demand remains high, we will focus on optimizing ADR (Average Daily Rate) to drive maximum profit.

Property Sales

Looking ahead, strong demand for real estate is expected to continue in 2024. Thailand's luxury branded residence market is flourishing, attracting affluent buyers and experiencing significant growth, with a focus on global ultra-high-net-worth individuals. China, one of our key source markets, and Thailand have agreed to a permanent visa-free policy starting March 2024, fostering diplomatic relations and stimulating economic activity in their respective tourism sectors. The enduring appeal of vacation homes in Phuket has remained robust with strong demand driven by high-net-worth individuals and a shift in lifestyle preferences. The pandemic has resulted in people rethinking their lifestyle and work preferences, such as living in less densely populated locations and the ability to work from home. There is a trend of buyers preferring spacious living spaces, sustainability, wellbeing, branding and a shift in demand for upscale and luxury segments, in particular for private residences. The Group is continuing with the strategy to unlock value from its land bank by developing new property sales projects which cater to both primary and vacation home buyers. In 2024, we are planning to roll-out new launches for the entry-level, mid-range, and luxury segments.

Golf Business

The recently upgraded and award winning golf courses of both Phuket and Bintan offer players of all abilities a unique and challenging experience. The group will continue to strive to provide the best possible financial returns and to grow revenues, whilst controlling costs. This shall be achieved by offering the most exquisite customer experience for its golfers, to encourage repeat play, promote referrals and increase average spend

Risk Management

Risk Management

1 Policy and Risk Management Plan

The Group adopts a risk-based approach in line with COSO Framework and takes a cohesive, coordinated approach towards risk management and internal controls. The "Internal Control – Integrated Framework" (the COSO Framework), promulgated by the Committee of Sponsoring Organisations of the Treadway Commission (COSO) and widely adopted by other listed hotel groups such as Hilton and Hyatt, was used in making the assessment.

The Group has a Group Risk Committee (GRC) which provides guidance to the Risk Management Department who facilitates and monitors the implementation of effective risk management practices by the risk owners. The Risk Management Department maintains the Enterprise Risk Management (ERM) Programme which enables risks to be identified, assessed, managed, monitored and reported.

2 Risk Factors

Economy and Tourism in Thailand

As most of the Group's revenue is generated from tourism and property sales in Thailand, the Group has exposure to both the world and Thai economies and the tourism industry in Thailand. Any conditions, such as changes in the attractiveness of Thailand as a tourism destination, an economic downturn, acts of terrorism, natural disasters, increased levels of criminal activity, civil unrest, or epidemics/pandemics which affect tourism in Thailand or result in a depression in property values in Phuket, may hurt the Group's business, financial condition, and performance. With the opening of Thailand in 2022 and the various initiatives by the Thai Government, there has been an increase in the hotel's occupancy to almost pre-pandemic (2019) numbers with international arrivals accounting for most of the guest mix.

Political Uncertainty

Thailand's tourism industry has been adversely impacted in recent years by political tensions in Thailand. Such events were internationally publicized and created a negative perception of Thailand as being a safe place to travel for foreign tourists and for investors to invest. Political uncertainty in Thailand adversely impacts the tourism sector and investor sentiment.

Over-Reliance on Some Key Markets

The over-reliance on any market carries with it a certain degree of risk as a downturn in that market would adversely impact the performance of the hotel if it fails to replace the business in a timely manner. Like many hotels in Thailand, Russia and China have become the 2 largest markets for the Group's hotels in recent years. The Group will seek alternative markets to achieve a balanced customer base.

Interest Rate Fluctuation

The Group's exposure to interest rate risk relates primarily to the deposits with financial institutions, long-term trade accounts receivable, and bank overdrafts and loans. Most of the financial assets and liabilities have floating interest rates or fixed interest rates as disclosed in the notes of the financial statements and the interest rate risk is not expected to be significant. The Group does not use derivative financial instruments to hedge such risk. **Foreign Currency Fluctuation**

The exchange rate of the Thai Baht as compared to the currencies of China, US, Russia, UK, and other European markets has the potential to impact the pricing and affordability of products and services of the Group for such market segments.

Land Title

In recent years, there have been a number of disputes in Thailand relating to property owners having valid title to their properties. Although the Company is confident that it has valid title to all the land upon which it operates or which is for sale by it in Thailand, there can be no assurance that other parties will not challenge the claim of title. Even if such challenges are not successful, they may have a material adverse effect on the property sales business in Thailand if purchasers express concern that the Group is unable to transfer good title to them.

Thai Labour Laws

Nearly all of the employees are based in Thailand. Labour laws in Thailand are highly protective of employees. Under Thai labour laws, the Group is generally prohibited from discharging employees without compensation absent gross misconduct, neglect, or acts of dishonesty. As such, the Group has limited measures at disposal to reduce headcount to increase efficiencies, reduce costs or achieve similar objectives. During crises in recent years such as the global economic crisis, the Group was restricted from dismissing employees and could only institute a voluntary unpaid leave program. The Group has been restricted in the past and expects in the future to be limited to using voluntary separation plans where the Group is required to pay high amounts of severance pay and similar measures under which selected employees may elect to leave the Group in return for lump-sum compensation packages and other benefits.

Operating Risks Inherent in the Hospitality Industry

The hotels are subject to operating risks inherent in the hospitality industry. These risks include:

- Seasonality of the industry in that the Group is subject to different levels of tourism and business/commercial travel across the year, and thereby the revenues tend to vary within the year.
- Competition from new resorts and hotels both locally and within the region.
- The dependence on travel patterns and destination preferences.
- Changes in regulatory conditions in Thailand.
- Periodic local oversupply of or reduced demand for guest accommodation, which may adversely affect occupancy rates and actual room rates achieved.

- Changes in general, regional and local economic conditions may affect, among other things, the disposable income of consumers and the traveling public and which may not be offset by increased revenues.
- Regional and local political and social conditions affecting market demand, including crime, civil disorder, and terrorism.
- Epidemics/pandemics affecting the travel and tourism industries.
- Foreign exchange rate movement.
- The convenience of access to Thailand and in particular the airline capacity into Thailand and Phuket.
- Adverse weather conditions and natural disasters.

Operating Risks Inherent in the Property Industry

The property sales business is subject to operating risks inherent in the property industry. These risks include:

- Changes in general, regional and local economic and political conditions may affect, among other things, the disposable income of buyers and their confidence in the property market.
- The ability to generate sustainable investment returns which may affect the future demand for properties.
- Foreign exchange rate movements may affect the pricing and affordability of property for foreign buyers.
- Developing new and innovative product designs which will appeal to buyers.
- Provision of high-quality after-sales services to retain strong brand loyalty and buyer satisfaction.
- Changes in regulatory conditions in Thailand may impose restrictions on buyers, future development of land, or types of product offerings.
- Rising construction costs may affect operating margins if selling prices cannot be adjusted accordingly.
- The ability to source and retain quality building contractors who can deliver a quality product on time.
- Epidemics/pandemics affecting the travel and tourism industries as foreign buyers make up the majority of the Company's customers.

Any of these factors could have an adverse effect on the business and management monitors each of these closely so that the strategies can be quickly adapted to any changes in the operating environment.

ESG Risks

The company has disclosed ESG risks management as follows:

- We reviewed published academic literature, competitor and industry reports to incorporate emerging material risks.
- Executive management approved for prioritisation a shortlist of 14 existing and emerging environmental, social and governance (ESG) material risks pertinent to our business.
- The severity and likelihood of material risk impacts were rated following Global Reporting Initiative (GRI) (2021) guidance, via an online survey, with senior and executive management respondents across the company. Material topics were evaluated at the residual level, considering the adequacy and effectiveness of existing controls and progress, and comparing the impact of each topic from our business against other topics rather than within a global context that may not be within our control.
- We defined impact scope and developed mitigation strategies for the five greatest material risks from our business: Climate Change, Waste, Water Scarcity, Biodiversity, and Diversity, Equality and Inclusion.

Driving Business for Sustainability

Driving Business for Sustainability

1 Sustainability Management Policy and Targets

Our organization has established comprehensive sustainability policies and targets encompassing environmental, social, and governance aspects. These guidelines are translated into actionable initiatives through the implementation of the "Brand for Good" framework, which comprises 40 standards categorized under design, operate, stay, and collaborate for the greater good.

Our Vision

To be a leading international hotel and property developer with full commitment to environmental protection, social responsibility, and maximum satisfaction to all stakeholders with an aim to pursue sustainable long-term business value development.

Our Mission

As a socially responsible business, LRH was founded with the core value of driving sustainable development. Our concept of sustainability seeks to create long term value for multiple stakeholders and destinations. The Company's triple bottom line of economic, social and environmental success helps direct sustainable development through inspiring associates, guests and partners to take a wider consideration encompassing a long-term view when making business decisions. We employ an integrated and participatory approach to minimise our impacts while safeguarding and enhancing the human and physical environment for present and future generations.

This involves:

Creating an enchantingly memorable experience for guests and customers through our services and products. Providing fair and dignified employment for our associates which enhances their ability to contribute to the company's growth and elevates their job prospects with company and beyond. Enabling long term prosperity for communities in which we operate through business conduct, operations and harnessing our competencies to address issues facing the community. Exercising the precautionary approach to environmental impacts of our operations, and taking an active role in the protection and remediation of global ecosystems. Conducting business with suppliers and vendors in a fair and transparent manner while working in partnership to enhance societal benefits. Generating sustained, long-term returns for our shareholders.

Strategy

We reviewed published academic literature, competitor and industry reports to incorporate emerging material risks. Executive management approved for prioritisation a shortlist of 14 existing and emerging environmental, social and governance (ESG) material risks pertinent to our business.

The severity and likelihood of material risk impacts were rated following Global Reporting Initiative (GRI) (2021) guidance, via an online survey, with senior and executive management respondents across the company. Material topics were evaluated at the residual level, considering the adequacy and effectiveness of existing controls and progress, and comparing the impact of each topic from our business against other topics rather than within a global context that may not be within our control.

The final 5 material topics includes climate change, waste, water scarcity, biodiversity, and diversity, equality, and inclusion.

In our 2022 sustainability report, we outlined the present status, objectives, and action plans pertaining to the five material topics we identified.

2 Impact Management to Stakeholders in the Business Value Chain

2.1 Business Value Chain

LRH prioritized business value chain management by realizing the importance of all stakeholders and is committed to taking care of all stakeholders in a balanced manner. In 2022, a stakeholder identification and analysis in the value chain was organized to identify the expectations and concern issues to determine the appropriate operating guidelines for each group of stakeholders and in order to effectively manage the business value chain.

2.2 Business Value Chain's related persons

2.2.1 Identifying stakeholders

LRH's stakeholders consist of 6 Groups include shareholders, customers, associates, suppliers, society and communities and the country.

2.2.2 Stakeholder analysis on the business value chain

LRH operate the business by create shared values and participation from all stakeholders, create strategies to engage with different stakeholder groups deem appropriate according to the opportunity and level of the relationship both formal and informal to drive the positive change and minimize the negative impact.

In 2023, LRH was implemented relationship management with stakeholders as follows:

- 1. Stakeholder identifying and prioritizing
- 2. Create strategies for stakeholder engagement
- 3. Planning, executing, and reporting on stakeholder participation
- 4. Implementation of stakeholder engagement
- 5. Review and evaluate the performances, make a continuous improvement

In 2023, LRH also conducted the activities with stakeholders to obtain preliminary information in order to develop and formulate stakeholder engagement strategies as follows:

1. Customer

Customer survey was applied through various channels to collect the information for service improvement and marketing communication.

2. Supplier

The supplier Code of Conduct survey was implemented through Banyan Tree Global Foundation website with a KPI of suppliers completing self-assessments. By 2025, we target 100% annual completion, with evaluation of poor supplier performance or non-conformity supported with remediation action.

3. Associates

Wellbeing survey was completed in lieu of the annual associate satisfaction survey. Survey results reveal the degree of awareness, frequency of practice and sustained state of wellness, which respondents can discuss with our Wellbeing Practitioners to explore solutions aligned with individual interests and needs.

4. Society and Community

The meeting was conducted regularly with government agencies, local government organizations, and nearby communities on the needs and the capability of company to support or involve.

The Company emphasizes and aims to be a socially responsible company and has established a dedicated team of Sustainability and Community Relations practitioners who strive to make a positive difference to the local communities where the Company operates. There is no report of any claims about the impact of the Company's business operations to stakeholders.

3 Environmental sustainability management

3.1 Environment related policy and procedure

Travel and tourism operations are often intrinsically dependent on natural heritage, and LRH's conservation journey started with its beginnings in 1984 by "Embracing the Environment, Empowering People"

Extending beyond the precautionary approach, LRH conserves resources through efficient operations, employing a science-based approach and partnership creation to conserve sensitive ecosystems and threatened species, and support climate action and the Sustainable Development Goals.

3.2 Environmental operations

3.2.1 Climate Change

Resource Use, Waste, and Total Emission

Rigorous benchmarking, certification and assurance of energy, emissions, water use and waste production are conducted via a strategic partnership with EarthCheck. In 2023 total emission for scope 1 and scope 2 was 55,943 ton CO2 equivalence.

Energy

The company establishes energy management objectives, which encompass enhancing energy efficiency as part of its climate change strategy. This involves implementing alternative energy sources and initiatives aimed at curbing greenhouse gas emissions. With an annual target of reducing emissions by 8.25 percent, the company has successfully met its objective, achieving a 66 percent reduction in emissions by the year 2030.

In terms of energy management, the company has established a precise objective: to annually reduce electricity consumption per room by 5%.

The company is implementing strategies to enhance machinery and equipment efficiency by transitioning to more electricity-efficient models. It has also adopted new technology and installed a solar panel system to generate electrical energy from sunlight, offsetting the reliance on electricity from the Electricity Authority. Additionally, electricity management practices are tailored to the number of guests staying to maximize savings.

Water

The company has established objectives concerning water resource management. It aims to boost the supply of water for consumption, use, treatment, and recycling by 3.75 percent annually. Additionally, the goal is to ensure that 30 percent of used water is recyclable. Furthermore, the company is exploring alternative water sources to meet its targets by 2030.

The company has devised a comprehensive plan encompassing water procurement, utilization, treatment, and reuse, along with managing storage, water pressure, and the supply chain. Ensuring the right of access to water and participating in initiatives aimed at restoring water-scarce ecosystems are also integral parts of the plan.

To develop effective strategies for water usage, a committee comprising representatives from various relevant departments has been convened to study guidelines and formulate recommendations.

Waste

The company has established objectives regarding garbage and waste management. It aims to decrease the amount of waste sent to landfills by 6.25 percent annually, with the ultimate goal of reducing landfill waste by 50 percent by the year 2030.

The company concentrates on landfill waste, specifically addressing solid and liquid waste (excluding wastewater and pollutant emissions), food waste, plastics, and hazardous waste (including waste from wastewater treatment systems). Additionally, it emphasizes raising awareness among stakeholders about effective waste management practices.

A committee has been established to examine guidelines for developing waste management strategies, with active participation from numerous relevant departments.

Greenhouse Gases

The company has established climate change goals focused on reducing both direct and indirect emissions, spanning both upstream and downstream activities. These goals involve enhancing energy efficiency, adopting alternative energy sources, and implementing projects aimed at curbing greenhouse gas emissions. With an annual target of reducing emissions by 8.25 percent, the company has successfully met its objective, achieving a 66 percent reduction in emissions by the year 2030.

The company publicly reports direct greenhouse gas emissions from its operational facets (hotels, offices, spas, galleries, and golf facilities) and construction activities (Scope 1). Additionally, it discloses indirect emissions stemming from purchased electricity, steam, heating, and cooling (Scope 2), yet it currently does not include indirect emissions (Scope 3). However, there are plans to commence measuring Scope 3 emissions in 2023 to establish foundational data, with the aim of incorporating them into future reports.

A committee has been convened to explore guidelines for devising strategies to reduce greenhouse gas emissions, with active participation from numerous relevant departments.

Greening Communities

Our Greening Communities programme raises awareness of climate change and sequesters carbon by planting trees in local communities that contribute to blue carbon ecosystem services including shoreline protection, fish nursery habitat and local livelihoods.

Earth Hour

Each year we give a voice to climate change awareness by joining the global Earth Hour movement and turning off all non-essential lights for one hour at our properties.

Food

Our longterm goals are to reduce food waste by 30% and divert 50% from landfill by 2025, with a 50% reduction and 100% diversion by 2030. We shall also set our sustainable seafood targets in 2023 as part of our ongoing commitment to food provenance and a sustainable supply chain.

Reducing meat consumption and diverting food from landfill can significantly reduce greenhouse gas emissions. Laguna Phuket joined Banyan Tree Bangkok in donating surplus food via Scholars of Sustenance (scholarsofsustenance.org). and delivered to underpriviledged families. This can reduce food waste and also save CO2 emissions.

Plastic Reduction and Elimination

Our efforts have reduced to eliminate, and where suitable alternatives are yet to be found, replaced with compostable or biodegradable alternatives. We support our reduction efforts with collaborative community clean-ups to remediate and cleanse natural systems, and educate to support a shift from a single-use disposable society.

3.2.2 Biodiversity and the Environment

Our properties in Phuket are in the area of protected status or high biodiversity, and consequently we must act as stewards to safeguard and promote a healthy, resilient and sustainable environment. Our Stay for Good programme invites guests to connect and engage actively and passively with natural heritage to increase awareness, promote engagement and long-term stewardship for example, sea turtle conservation program, bird observation program and cleaning community initiative.

4 Social sustainability management

4.1 Social related policy and procedure

Creating shared value with the community whether they are employees, customers, communities or business partners embodies our commitment to social responsibility.

Internally, our approach promotes wellbeing, diversity, satisfaction, health and safety, as well as professional development to increase productivity and improve employee and customer satisfaction and loyalty.

Externally, we employ a stakeholder engaged approach to identify areas of aligned interest to promote responsible travel and work towards the 2030 Agenda for Sustainable Development.

4.2 Social operations

Associate Satisfaction, Wellbeing, and Development

LRH is committed to the happiness, health, safety and wellbeing of our family of associates. We advocate a balanced, sustained and dynamic approach to wellbeing that acknowledges the dynamic and interconnected world in which we live, where everyone aspires and desires to live well. Developing and nurturing our associates ensures a consistent and effective approach to personnel sourcing and retention, and is reinforced by a promotion strategy to positions of responsibility. Biannual performance reviews identify development needs, which are addressed through individual and group learning opportunities and our management academy.

Empowering Education

Education combats poverty and betters livelihoods. A context-based approach identifies local needs and opportunities, resulting in a semi-structured but diverse contribution to supporting sustainable communities through inclusive and quality education. Our efforts support education through vocational training and internships, as well as educational support in the community for example, Laguna Phuket Kindergarten, Laguna Phuket Community Learning Centre, and FullyBooked! Mobile Learning Centre.

Other Social Contributions

Children First Fund provides food and sustenance to 4 orphanages in Phuket on a monthly basis. Laguna Phuket Associate Saving Cooperative provides secure, reliable, profitable, and fair financial services to members. Blood Drive program that donate blood to Thai Red Cross. Cultural events that help to promote and preserve ancient traditions of various origins in local communities. Humanitarian relief initiatives that support the needs when natural disasters occurred.

5 Sustainability Initiatives and Projects

Sustainability is a major undertaking at Laguna Phuket. The Company focuses on implementing socially responsible business practices that touch all stakeholders in the quest to deliver environmental and social benefits alongside increasing economic performance. The Company's Community Relations & Sustainability programs are divided into the following focus areas:

- 1. Cultural Diversity
- 2. Social Equity
- 3. Educational Empowerment
- 4. Health & Sports Promotion
- 5. Environmental Preservation

5.1 Cultural Diversity

Our Cultural Diversity initiatives help to promote and preserve ancient traditions of various origins in local communities. In doing so, Laguna Phuket contributes to uplifting the spiritual well-being of associates, their families, and local community members, to ensure a balance between the influx of western influences brought by tourism and the preservation of the local way of life.

Buddhist Lent

The annual Laguna Phuket Buddhist Lent activity was held on 31 July 2023 at Cherngtalay Temple and attended by 50 Laguna Phuket associates and community members. Apart from the corporate donation of lent candles, this year Laguna Phuket has raised Baht 25,555 for the temple. Laguna Phuket has annually celebrated Buddhist Lent for over 28 years.

Vegetarian Festival

The Phuket Vegetarian Festival is an annual event celebrating the Chinese community's belief that abstinence from meat and various stimulants during the ninth lunar month of the Chinese calendar will help them obtain good health and peace of mind. This year's festival falls from 15 - 23 October 2023. During these 9 days, local residents of Chinese ancestry strictly observe a vegetarian or vegan diet for spiritual cleansing and merit-making. Laguna Phuket donated Baht 218,975 worth of food and supplies this year to our 3 local shrines and set up an offering shelter on 20 October 2023 to worship Ma-Song devotees through whom the gods are said to enter during the annual Phuket Vegetarian Festival.

Sart Duen Sib (Ghost Festival)

The Ghost Festival (Baan Don Sart Duen Sib) is a southern traditional festival for Buddhists to make merit in remembrance of loved ones who passed away, and our local heroes who sacrificed their life to protect, enrich

and improve our community. Over 60 Laguna Phuket associates participated in this event at Baan Don temple on 7 October 2023. A donation of 15,000 Baht was given to the temple for their ongoing public services as well as the ghost festival delicacy given to community members as a part of cultural belief.

Loy Krathong

Loy Krathong Festival brings people together on the full moon night of the 12th Thai lunar calendar to pay respect to the water goddess, Pra Mae Khonkha and the water spirits. This year's event was held on 27 November 2023 with lots of meaningful cultural appreciation activities – Rak Thai Cultural Kids Contest, Krathong demonstration, traditional performances, community F&B stalls, and live music. Nearly 6,000 guests, associates and residents participated in releasing Krathong and expressing their gratitude towards the plentiful use of water.

5.2 Social Equity

Our social equity initiatives aim to build the capacities of local communities and associates through socially beneficial projects whereby community members and associates can benefit from our support for their personal betterment as well as professional advancement.

Laguna Phuket Associate Saving Co-Operative

Laguna Phuket Social Committee successfully established the Laguna Phuket Associate Saving Co-Operative in January 2010 with the objective of providing secure, reliable, profitable, and fair financial services to members. As "shareholders," members are entitled to such benefits as annual dividends, low-interest loans, and high-interest savings schemes. To date, the cooperative holds Baht 47 million share volume with 723 associate members or 32.87% from total number of associates.

Laguna Phuket Children's Day

Laguna Phuket organized an off-site Children's Day activity in conjunction with Phuket's Social Development and Human Security Office on 14 January 2023 at Tha Sak Community, Ban Para, and Ban Mak Prok Community, Thalang District. The activities included fun games, giveaway food, drinks, gifts, and school supplies worth Baht 180,000. This is the first year that Laguna Phuket has organized off-site activities to deliver happiness to children in remote communities.

Since 1993, our children's day activities aim to encourage and inspire children to become active, informed and concerned citizens of the next generation, and to help them recognize the importance of their role in the society.

Children First Fund (CFF)

Children First Fund (CFF) is established as part of the celebrations commemorating the 30th anniversary of Laguna Phuket. The key objective of CFF is to constantly provide sustenance to more than 200 orphans and underprivileged children from 4 orphanages from Phuket and neighboring provinces.

CFF's motto is "Nourishing Hearts, Inspiring Dreams" because nurturing the hearts and minds of orphans in our community should also go hand-in-hand with providing material sustenance for their growing and developing brains.

In 2023, Baht 582,810 was spent for sustenance.

Feeding Community

Laguna Phuket is always providing free meals to the local communities and in 2023 more than 2,820 meals were served in 6 community events.

5.3 Educational Empowerment

Educational empowerment initiatives aim to build the capacities of local communities and associates through our programs that empower people of all ages to help people pursue a life-long learning journey, and realize their potential.

At Laguna Phuket, we seek to fulfill our stakeholders' needs to match guidance and knowledge to their interests and sources of inspiration. We believe that there is no greater empowerment than the will and feverish desire to learn something new every day.

Laguna Phuket Kindergarten

Originally established in 1992 as a Child Care Centre. The center is widely acknowledged as one of the best in Thailand and at the end of 2008 was formally established as Laguna Phuket Kindergarten, to provide free education to the children of our associates and community members, under the guidance of the Ministry of Education. Today, the greatly-expanded program caters to 121 children aged between three to six, with 9 certified teachers creating fun and educational daily activities. To-date, 1,799 students have enrolled at Laguna Phuket Kindergarten.

As of 2023, "Step-up International Laguna Kindergarten" (SILK) has been actively offering early childhood education, catering to nursery and K1-K2 levels. Originating as an extension of Laguna Phuket Kindergarten, SILK has evolved into a bilingual program tailored for children aged 2 to 6 years. Presently, the institution boasts an enrollment of 49 students, receiving dedicated care from a team of 8 teachers.

Fully Booked! Mobile Learning Centre (MLC)

Fully Booked! Mobile Learning Center project aims to re-introduce reading, the basis of self-empowerment to children in the local community who lack adequate access to books on a diverse range of topics The Mobile Learning Center was launched in April 2014 to provide a 2-in-1 service as a library and a classroom to increase the rate and quality of literacy among pilot schools in Phuket and neighboring provinces.

Our program start-up was funded by Baht 2.2 million fundraised from Laguna Phuket sports events and another Baht 2.2 million matching funds from Banyan Tree Global Foundation. In 2023, MLC helps teachers creating learning courses including English day camp and local learning centre day trip benefiting over 122 students and 7 teachers in Phuket and Phang Nga.

5.4 Health & Sports Promotion

Laguna Phuket is dedicated to helping people achieve a sensible work-life balance. We encourage people to work hard, and we promote play and leisure. We believe that leisure is the most fun when it exercises the mind and body, so our health and sports promotion events focus on meaningful sporting activities, such as Red Cross Blood Donation and sport events.

Red Cross Blood Donation

Laguna Phuket is one of Thailand's prominent corporate blood donors to the Thai Red Cross Blood Donation Program. Since 2003, we have donated 2,255,850 cc of blood and 5,013 associates have participated in our Blood Drive program.

Laguna Phuket Triathlon

Laguna Phuket donated sport equipment worth Baht 60,000 to 4 local schools who supported cheer squads on the bike route of Laguna Phuket Triathlon event which was organized on 19 November 2023.

5.5 Environmental Preservation

Our Environmental Conservation initiatives emphasize raising awareness of climate change and human impact on local natural resources. In partnering with local conservation efforts, Laguna Phuket supports various initiatives that ensure sustainable rehabilitation of marine and shoreline resources around Phuket Island and nearby provinces.

EarthCheck

EarthCheck is the environmental certification program that Laguna Phuket is registered with as a precinct. The key objective is to monitor and improve our environmental practices to achieve sustainability outcomes in our business operations by providing a framework for environmental and social sustainability.

Laguna Phuket received EarthCheck's Bronze Status in September 2014, Silver Status in April 2015, and Gold Status since December 2020. The annual audit to retain the Gold Status was conducted in November 2023.

Greening Community Initiative

Since 2007, Laguna Phuket has worked in collaboration with Phuket and Phang Nga Mangrove Station. In 2023, we planted 1,000 saplings on 27 July 2023 at Khlong Khian Community, Takuatung, Phang Nga. To-date over 34,500 saplings were planted in the southern provinces of Thailand. 1,690 associates have participated in this project and 770 community members have joined us.

Sea Turtle Conservation

Laguna Phuket has supported sea turtle conservation programs in Phuket province since 1994. Our efforts focus on raising funds and awareness in support of the Phuket Marine Biological Centre (PMBC) and the 3rd Area Naval Command, Royal Thai Navy, and their ongoing conservation and rehabilitation programs.

In 2023, 41 turtles were released to the Andaman Ocean with the help of 183 participants on 22 and 29 April 2023 at Angsana Laguna Phuket's beachfront. Analysis fee, extra manning fee, and multimedia equipment worth Baht 527,310 were given to PMBC for the on-going research on sea turtle conservation. To-date, 2,227 turtles have been released and 5,046 people have participated in this program since 1994.

Cleaning Community

Laguna Phuket associates frequently participate in the cleaning community initiative with the local government and community members especially beach clean-ups that were organized 6 times in 2023. More than 1,364 kilograms of trash were collected by about 457 people.

Corporate Governance

Corporate Governance Policy

The Company is committed to maintaining of good corporate governance structure within the organization to protect and enhance long-term shareholder value. The Company has adopted and is continuously developing a set of good corporate governance structure, framework, policies and practices that are modeled on principles advocated by the SET as per the details set out in the following sections. Additionally, the Company has put in place a Code of Corporate Conduct and several significant Policies and Charters approved by the Board of Directors and Standard Operating Procedures which have been communicated throughout the organization. The Corporate Governance Policy and Code of Corporate Conduct have been publicized on the Company's website for all employees at all levels to better understand, use as working guidelines and strictly follow in the course of performing their duties. As and when required, new internal rules and regulations are introduced to ensure there are no gaps in the policies and practices in the organization.

The Board of Directors has acknowledged and reviewed the implementation of the Corporate Governance Code for Listed Companies 2017 published by the Securities and Exchange Commission ("SEC") to update the Company's corporate governance. The Company has established the Corporate Governance Policy since 2019 which has been considered and recommended by the Audit and Risk Committee (currently known as Audit, Risk and Corporate Governance Committee) and approved by the Board of Directors to benefit its business to have a sound long-term performance and create value for sustainable business growth. The Board of Directors has annually reviewed the Corporate Governance Policy and relevant policies for the continuing improvement of good corporate governance. For any principle which has yet to be implemented, the Board of Directors has assigned the management to study in detail for further consideration.

1. Rights of Shareholders

The Company recognizes the importance of the shareholders' rights. In the Company's Annual General Meeting held on 21 April 2023, the Company conducted the meeting in full compliance with all relevant laws and regulations in respect of shareholders' rights in the following manners.

- 1.1 All shareholders have the same basis and rights in votes casting at the meetings and the receipt of dividends when declared by the Company. These are calculated based on their respective shareholding in the Company.
- 1.2 At shareholders' meetings, the shareholders are given the right to approve important matters such as the election of directors (shareholders can elect directors individually), the directors' remuneration, the appointment of auditors, the dividend payment and other relevant matters as required by laws or regulations, and etc.

Furthermore, shareholders who arrive at the meeting after the meeting has begun are still entitled to vote on the agenda items that are still under consideration and have not been voted upon.

- 1.3 The Company has the policy to facilitate and encourage all groups of shareholders, including institutional shareholders, to attend the Company's Annual General Meeting such as allowing the shareholders to propose agenda or send questions relating to the Company's business in advance, distributing a package containing the notice and meeting documents in both Thai and English, selecting meeting venue convenient to attend the meeting (for physical meeting), selecting electronical software/means convenient to attend the meeting (for E-AGM meeting), and etc.
- 1.4 The Company invites shareholders to propose agenda items in advance of the AGM through the SET and the Company's website (www.lagunaresorts.com). However, none has been proposed by the shareholders.

The Company provides the opportunity for a shareholder or shareholders who hold shares of the Company representing at least 5 percent of the total voting rights of the Company to propose an AGM agenda item in advance within 30 days before the end of the accounting period. The Audit, Risk and Corporate Governance Committee shall review the proposed agenda item and provide an opinion to the Board of Directors for consideration. The proposed agenda item deemed to qualify by the Board of Directors shall be included in the AGM agenda. In the event that the proposed agenda item is deemed not to qualify by the Board of Directors, it shall be announced with reasons at the AGM.

The Company provides channels for minority shareholders to make suggestions, express their opinions or make a complaint by sending the original duly signed statement together with supporting evidence to the Company Secretary by registered mail to the Company's address or by phone +66 2677 4455.

- 1.5 The Company does not invite the minority shareholders to nominate their candidates to be appointed as the Company's directors ahead of the meeting. This is because the Company already allows all shareholders to nominate their candidates (who meet the requirements under the Public Limited Company Act) and to vote for candidates at the shareholders' meeting.
- 1.6 Through the Thailand Securities Depository Company Limited, the Company's share registrar, the Company sends out a package containing the notice and agenda of the meeting to the shareholders at least 21 days before the meeting. The meeting documents include the facts, rationales, and opinions of the Board as well as other information relating to the agenda items such as information on the persons nominated for election or re-election as directors, auditors' profiles, the part of the Company's Articles of Association that relates to the shareholders' meeting, map showing the venue of the shareholders' meeting, proxy forms, documents and evidence of entitlement to attend the meeting, etc. This is to enable the shareholders to prepare themselves for the meeting. In addition, the notice of the shareholders' meeting is advertised in the newspaper and all information contained in the meeting documents will also be posted on the Company's website (www.lagunaresorts.com) at least 30 days before the meeting (the meeting documents for the 2023 AGM were posted on the Company's website 30 days in advance). Moreover, shareholders are invited to register at least 1 hour before the meeting begins.

For convenience, transparency, and accuracy of the registration and vote counting at the shareholders' meeting, a barcode system is used.

1.7 At every shareholders' meeting, all agenda items are clearly identified and particularized, objectives, and rationale and opinions of the Board are also presented in the meeting for consideration of the shareholders. The Chairman will conduct the meeting according to the sequence of the agenda and will not add any additional agenda items which are not indicated in advance in the notice unless there is a proposal to consider other matters other than those specified in the notice, in accordance with the law, from shareholders holding not less than one-third of the total number of shares issued.

No additional agenda item was proposed to the 2023 Annual General Meeting other than those specified in the notice.

1.8 Before the start of every shareholders' meeting, the Company Secretary will explain the voting methodology to shareholders. In the interest of good corporate governance regarding transparency, minority shareholders are also invited to witness vote counting of each agenda item. A team of legal counsels from a leading international law firm is appointed to verify the registration procedure before the Chairman of the meeting announces to the shareholders, the number of shareholders and proxy holders present at the meeting and the number of shares held by them. The legal counsels also verify the vote-counting procedure of each agenda item before the votes are announced as the resolution of the shareholders' meeting.

Shareholders may verify the detailed results of the vote of each agenda item at the end of the meeting. The same results and a summary of questions from shareholders will also be included in the minutes of the meeting which are accurately and completely documented in all material aspects and will be sent to all shareholders for their review before the following meeting. The minutes of the 2023 Annual General Meeting is posted on the Company's website (www.lagunaresorts.com) within 14 days after the meeting was held.

- 1.9 The Company's policy in conducting shareholders' meetings is not only to meet all legal requirements but to also provide a platform and opportunity for shareholders to communicate their views and enquire the directors and management questions regarding matters affecting the Company and its operations. The Chairman allocates sufficient time for the meeting and conducts the meeting in an appropriate and transparent manner. During the meeting, shareholders are allowed to give comments and ask questions before the resolution concluded for each agenda item. In addition, shareholders who have any questions that require the Company's clarification during the meeting may send their questions in advance at "ir@lagunaresorts.com" or fax them to 66 (0) 2285 0733.
- 1.10 Apart from the external auditor who will attend the Annual General Meeting, the Chairman of the Board, the Chairman of the Audit, Risk and Corporate Governance Committee, and the Chairman of the Nomination and Remuneration Committee and all of the Company's directors will endeavor to be present at the shareholders' meeting to assist the Board in addressing queries raised by the shareholders. The Company also invites its legal counsels from a leading international law firm to attend the meeting in case there are any legal questions that require clarification during the meeting. Furthermore, the Company provides a professional translator at the meeting to assist the shareholders and the Board to communicate more effectively in both English and Thai. At the 2023 Annual General Meeting, the Chairman of the Nomination and Remuneration Committee, and other directors were present at the Meeting in person and via electronic media. Details of their names are stated in the minutes of the 2023 Annual General Meeting.
- 1.11 The Company gives an opportunity for shareholders to freely communicate with each other and also provides convenient access to relevant news and important information via the Company's website (www.lagunaresorts.com) for the shareholders to receive adequate information of the Company such as the resolutions of the Company's Board of Directors on important matters, resolutions of the shareholders' meetings, financial information, information which may affect the Company's share price, 56-1 One Report, etc.

2. Equal Treatment of Shareholders

The Company treats all shareholders fairly despite different shareholding proportions and voting power according to the shares they are holding. In recognition of its duty to ensure equal treatment of shareholders, the Company complies with all relevant laws and regulations as follows:

- 2.1 The Company has only one class of shares, which is the ordinary shares. Shareholders shall have votes equal to the number of shares held by each of them, which means one share is entitled to one vote.
- 2.2 For shareholders who are unable to attend a meeting in person or via electronic mean, the Company provides the opportunity for such shareholders to appoint another person as a proxy to attend the meeting on their behalf by using a proxy form B provided by the Company. The Proxy form B is one of the forms prescribed by the Ministry of Commerce which allows shareholders to cast their votes. Moreover, the Company provides the opportunity for shareholders to appoint the Company's independent director as a proxy to undertake proxy voting on behalf of shareholders who are unable to attend the meeting.

The name of the independent director is provided in the proxy forms, together with the profile of that independent director who has been given the proxy to vote on behalf of shareholders who are unable to attend the meeting, all of which are attached as part of the meeting documents.

- 2.3 The Board of Directors arranged to have a policy stipulating that the directors and management shall notify the Company 1 day in advance prior to purchase or sale of the Company's securities. Moreover, the Company ensures that directors and management are aware of their duty to report a change in their holding of the Company's securities to the SEC within 3 business days in accordance with the Securities and Exchange Act. The securities holding report is also included in the agenda of the Board meeting for the Board's acknowledgment on a quarterly basis.
- 2.4 Any director or management who has an interest in, or is related to, any transaction between the Company and an interested or related person will not participate in the decision-making process involving such transaction. The Company has disclosed the details and reasonableness of transaction to shareholders before dealing with any transaction in case such transaction requires approval from shareholders and strictly follows the procedures on such transaction under the notification of the Capital Market Supervisory Board. The details of all connected transactions are disclosed under the heading "Related Party Transactions" in the Company's 56-1 One Report.

During 2023, there is no report of non-compliance with the notification of the Capital Market Supervisory Board on connected transactions.

- 2.5 The Company has formulated a Corporate Governance Policy and Code of Corporate Conduct as guiding principles for the Board, senior management, and employees of all levels to comply with. The guiding principles include the prohibition on the improper use of inside information for personal benefit or to benefit others. Additionally, the Board approved a policy on dealing in securities of the Company which prohibits the dealing in the Company's shares while in possession of unpublished confidential and price-sensitive information during the "Embargo Period". Details are further described under "Supervision on the Use of Inside Information" in the Company's 56-1 One Report.
- 2.6 Apart from the credit term payment given under the normal course of business, the Company has no policy on providing financial assistance to any non-subsidiary companies, except those whose loans or guarantees are in accordance with the proportion of shareholding in a joint venture agreement

5. Board Responsibility

5.1 Board Structure

5.1.1 Members of the Board and Terms of Directorship

The Company's Board of Directors currently comprises 11 members, 5 of whom are Independent Directors namely Mr. Vudhiphol Suriyabhivadh, Dr. Jingjai Hanchanlash, Mr. Thongchai Ananthothai, Ms. Srinthorn Ounayakovit and Mr. Ariel P. Vera, representing more than one-third of the total Board members.

The Board members are selected based on, among other things, knowledge, experience, skill, diversity of expertise, integrity, abilities to make independent analytical inquiries, and their understanding of the Company's business. Currently, the Board comprises business leaders, expert in the Company's relevant businesses and professionals with financial, accounting, legal, business management, and sales & marketing backgrounds.

Directors and senior management of the Company have never been an employee or partner of the current external auditor in the past 2 years.

All independent directors of the Company are independent of management and major/substantial shareholders and meet the Company's definition of Independent Director which also in line with the qualification of Audit Committee in accordance with the notification of the Capital Market Supervisory Board.

The Company's directors are knowledgeable, competent, honest, ethical and provide sufficient time and devote themselves to serve the Company. There are no independent directors of the Company who serve on more than five boards of listed companies and no executive directors who serve on more than three boards of listed companies outside of the Group.

The Company's policy to fix the term of office of directors is under Article 14 of the Company's Articles of Association which stipulates that at each annual general meeting, one-third of directors shall retire from office and that the director who has been longest in the office shall retire. Therefore, the term of office of a director shall be 3 years. Retiring directors would be eligible for re-election.

The independent directors have no affiliations or business relationships with the Company and are not directly associated with a shareholder of the Company, nor having any relationships or circumstances exist which are likely to, or could appear to, interfere with the exercise of their independent business judgment with a view to the best interest of the Company.

5.1.2 Roles of the Chairman of the Board

- Summoning meeting for Board and presiding over the meeting. In making a decision, the Chairman has a deciding or casting vote in the event of tied votes.
- Setting Board meeting agenda in consultation with the Chief Executive Officer / Managing Director, Chairman of the Audit, Risk and Corporate Governance Committee and Chairman of the Nomination and Remuneration Committee and ensuring that Board members receive accurate, complete, timely, and clear information prior to the meeting to assist their decision-making process.
- Conducting the Board meeting according to the agenda, relevant laws, and good corporate governance, allocating sufficient time and encouraging all directors to participate in the discussion, exercise their discretion prudently, and express their opinions freely.
- Overseeing and ensuring that the Board of Directors and the Sub-Committees effectively carry out their duties to achieve the Company's objectives.
- Promoting constructive relations between the executive and non-executive directors, and between the Board and the management.
- Ensure that all directors contribute to the Company's ethical culture and good corporate governance.

5.1.3 Duties and Responsibilities of the Chief Executive Officer / Managing Director

- To be in charge of the daily business operations of the Company, supervise and manage the works and operations of the Company for complying with the policy, vision, mission, values, strategy, and goals, both in terms of financial and non-financial, as well as to drive the business plan to achieve the financial budget as approved by the Board of Directors;
- To employ, appoint, transfer, dismiss, and terminate employees in all levels, except the appointment, transfer, and dismissal of the Head of Group Internal Audit, which shall also be approved by the Audit, Risk and Corporate Governance Committee;
- To determine the salary and remuneration, adjust the salary, bonus, reward, and welfare of all employees of the Company, including the senior management in correspondence with the remuneration mechanism and welfare as approved by the Nomination and Remuneration Committee;
- To issue internal orders, policies, announcements, and memos to ensure that the operations of the Company comply with the policy and the interest of the Company, including the maintenance of organizational discipline;
- To perform other tasks as assigned by the Board of Directors and to perform any other acts as stipulated by laws and regulations of the authorities.

5.1.4 Aggregation or Separation of Positions – Chairman of the Board and Chief Executive Officer

Currently, Mr. Ho KwonPing is the Chairman of the Board and the Board of Directors, upon recommendation of the Nomination and Remuneration Committee, considered appointing Mr. Eddy See Hock Lye to be the Chief Executive Officer of the Company since 2022. The current board structure maintains an appropriate check and balance system because half of the Board members are non-executive directors.

To support the balance of power between the Board of Directors and the Management, prior to the Board of Directors' meeting, the Audit, Risk and Corporate Governance Committee Chairman and the Nomination and Remuneration Committee Chairman, who are the independent directors, has participated in determining the agenda of the Board of Directors' meeting.

5.1.5 Separation of Power, Duties, and Responsibilities of the Board of Directors and the Management

The Company has a management structure that clearly defines the separation of power, duties, and responsibilities of the Board of Directors and the Management. The Board of Directors, as the policy supervisor, has the duties to define the Company's vision, mission, values, strategies, and long-term goals, including overseeing, monitoring, and evaluating the performance of the Management. Management, as the executives, has the duties to perform day-to-day operations to be efficient, effective and in compliance with the defined policies, vision, mission, values, strategy, and long-term goals and report its performance to the Board of Directors regularly.

The delegation of authority by the Board of Directors to the management is clear. All major investments, acquisition of assets, and loans made by the Company and/or its subsidiaries require approvals from the Board of Directors as follows:

- New investments and acquisition of assets with the value from 1.5 percent of the Company's total assets and
- New loans with the value from 5 percent of the Company's shareholders' equity.

The approval to enter into a significant transaction by the Company's Board of Directors and/or shareholders' meeting as well as all information disclosure must comply with rules and regulations of the Stock Exchange of Thailand and/or the Capital Market Supervisory Board.

Duties and responsibilities of the Board have been disclosed under the heading "Governance Structure And Key Data On The Board Of Directors, Committees, Managements, Employees And Others" in 56-1 One Report.

5.2 Sub-Committees

The Board approved the establishment of two Sub-Committees comprising all Independent Directors, which are Audit, Risk and Corporate Governance Committee and Nomination and Remuneration Committee, to assist the Board to screen details to achieve operational efficiency. Additionally, in late 2023 the Board of Directors approved the establishment of one Sub-Committee having one director as chairman of the committee, which is Sustainability Committee. However, to perform their duties transparently and independently, the Chairman of the Board is neither a Chairman nor a member of such committees as follows:

5.2.1 Audit, Risk and Corporate Governance Committee

The Audit, Risk and Corporate Governance Committee comprise three independent directors, one of whom has adequate expertise and experience to review the creditability of the financial reports by reviewing the financial reports of some listed companies in the Stock Exchange of Thailand. The members and the scope of duties and responsibilities of the Audit, Risk and Corporate Governance Committee have been disclosed under the heading "Governance Structure And Key Data On The Board Of Directors, Committees, Managements, Employees And Others" in the Company's 56-1 One Report.

5.2.2 Nomination and Remuneration Committee

The Nomination and Remuneration Committee comprises three independent directors, thus forming a strong and independent element that will enable decisions on nomination and remuneration to be made independently and transparently. Members and the scope of duties and responsibilities of the Nomination and Remuneration Committee have been disclosed under the heading "Governance Structure And Key Data On The Board Of Directors, Committees, Managements, Employees And Others" in the Company's 56-1 One Report.

5.2.3 Sustainability Committee

The Sustainability Committee comprised at least three members, having one director as the chairperson of this committee. This committee will oversee the sustainability framework of the Company and to perform the duties of considering and determining the scope of policies and procedures for the development of business responsibility for society, including operation and development regarding sustainability, in order to operate the business of the Company with the aim of sustainable supporting the Company's business.

5.3 Role, Duty, and Responsibility of the Board

5.3.1 Corporate Governance Policy

The Company is committed to maintaining high standards of good corporate governance within the Company. The Company has adopted and is continuously developing a set of good corporate governance structure, framework, policies, and practices that are modeled on the Corporate Governance Code for listed companies 2017 advocated by the SEC. The Company has established and continues to apply the Corporate Governance Policy and Code of Corporate Conduct approved by the Board of Directors and communicated throughout the organization. The Standard Operating Procedures have also been documented and applied by the Company. In addition, new internal rules and regulations to continuously improve the good corporate governance of the Company are approved and announced from time to time.

In the past year, no director resigned due to the issue of corporate governance of the Company and no conduct causing a negative reputation of the Company due to the failure of the Board of Director's supervisory performance.

5.3.2 Company Strategic Planning and Implementation

The Board of Directors sets aside sufficient time each year to review the budget of the coming year and the five-year strategic plan. During each year, the Board is periodically updated on the

implementation of the plan and if there is any deviation from the plan, a new course of action would be discussed after taking into account the prevailing economic, financial, and market situation.

5.3.3 Leadership and Vision

The Board's primary functions are to set and annually review vision, mission, corporate policy, and overall long-term and short-term strategy for the Company and to provide effective oversight of the management of the Company's business and affairs.

5.3.4 Conflict of Interest

Transactions between the Company and its related parties which may cause conflict of interest are scrutinized by the Audit, Risk and Corporate Governance Committee and if necessary, the approval to enter into such transactions is sought from the Board of Directors and/or shareholders following relevant rules and regulations. Any director or management who has an interest in, or is related to, such transaction will not participate in the decision-making process.

Such transactions are made on terms and pricing that have been negotiated on an arm's length basis. If the price is unavailable, the Company will then rely on the report of an independent appraiser appointed by the Company to value important related party transactions to arrive at a pricing that is competitive and fair to both the Company and the related party. All related party transactions are disclosed clearly and accurately. Details are further described under the heading "Related Party Transactions" in the Company's 56-1 One Report.

5.3.5 Internal Audit and Control

The Company realizes the significance of an effective system of control, such as Standard Operating Procedures, particularly in management and operations. Hence, the duties and responsibilities of the employees and the management are clearly defined. The Company has put in place policies to safeguard the Company's assets and duties between the operators and the appraiser which are separated for effective checks and balances. Furthermore, the Company has also implemented an internal audit of the financial and information technology systems.

Internal Audit

Internal audit is an independent function within the Company that reports directly to the Audit, Risk and Corporate Governance Committee on audit matters and the Chief Executive Officer/ Managing Director on administrative matters. Internal audits are performed to assist the Board and Management in the discharge of their corporate governance responsibilities and to improve and promote effective and efficient business processes within the Group. The internal auditor plans its internal audit schedules annually in consultation with, but independent of, the Management, and its plans are submitted to and approved by the Audit, Risk and Corporate Governance Committee. The Audit, Risk and Corporate Governance Committee reviews the activities of the internal auditors every quarter to ensure it is adequately resourced and has appropriate standing within the Company to perform its role effectively.

Enterprise Risk Management

The Company has a Risk Management Framework for the identification of key risks within the business known as the Committee of Sponsoring Organisations of the Treadway Commission

Internal Control – Integrated Framework (COSO Framework) for assessing the adequacy and effectiveness of LRH's internal control systems. The Risk Management framework covers all aspects of the Company's operations to enable significant business risks within the Group's current business environment to be identified, assessed, monitored, managed, and evaluated. As part of the on-going risk management process, the Company's Group Risk Committee annually conducts a risk assessment and considers the adoption of an adequate and cost-effective system of internal controls to mitigate significant business risks. Significant risks are to be managed through regular reviews by the Company's Group Risk Committee and the Audit, Risk and Corporate Governance Committee. The Audit, Risk and Corporate Governance Committee has reviewed the Group's risk management processes and procedures and is satisfied that there are adequate internal controls in place to manage the significant risks identified.

5.3.6 Board of Directors' Report

1. Financial Report

The Board of Directors is accountable to its shareholders for the Company's financial statements as well as the financial information as shown in the annual disclosure. The Board of Directors is satisfied that the Company's financial statements are prudently prepared in accordance with generally accepted accounting principles and are independently reviewed by the external auditors every quarter with a full audit performed at year-end. Additionally, the Audit, Risk and Corporate Governance Committee has been tasked to independently review the Company's financial report and internal control practices directly with the auditors. All pertinent information relating to the financial statements is clearly and completely disclosed in the accompanying notes.

Details are described under the heading "Internal Control" and under the heading "Opinion of the Board of Directors on the Company's Internal Control" and the "Board of Directors' Responsibility for the Company's Financial Statements" in the Company's 56-1 One Report.

2. Minutes of Meetings

The minutes of the meetings of the Board and other Committees are accurately and completely recorded in all material aspects addressed at each meeting, including the questions, opinions, recommendations and clarifications. The Company has a safe and secure filing system in place to keep the minutes of meetings and other supporting documents.

Code of Conduct

The Board of Directors has approved the Code of Corporate Conduct (the "Code") to set the framework for its officers, executive directors, associates, and agents to act in business matters solely for the benefit of the Company and not enter into any business or other transactions which cause or appear to cause a conflict of interest between him/her and a hotel within the group, the Company/subsidiary, owning company or any other related parties. The Code of Corporate Conduct was distributed and communicated to all relevant persons to understand and to strictly adhere to the Code. The Code was drafted based on the highest level of business ethics and law compliance. To promote compliance with the Code of Corporate Conduct, all employees are required to sign for the acknowledgement and compliance with the Company's Code of Corporate Conduct on an annual basis.

More information on the Company's good corporate governance and the Code of Corporate Conduct, please visit the Company's website (www.lagunaresorts.com/corporate-governance).

Compliance with Good Corporate Governance Guidelines

The Company gets a "Excellent" level for the Corporate Governance Rating score for the year 2023, by the Institute of Thai Directors (IOD), from total number of more than 780 listed companies participated in the campaign. The consideration of this campaign is based on the public disclosure made by the Company. In addition, the Company has complied with the good corporate governance practices as follows:

• The board of directors has been taking the matter of check and balance very seriously as previously the Company is having the same person as the Chairman of the Board and the Chief Executive Officer. The Company has put in place a measure of having the Chairman of the Audit, Risk, and Corporate Governance Committee (ARCG) to oversee the proposed agenda for the board of directors' meetings, and the ARCG is the key committee empowered to consider and make recommendation on the related transaction and any transactions with potential conflicts of interest, for consideration of the board of directors. The objective of these measures is meant for the best interest of the Company and relevant stakeholders.

However, for the fiscal year 2023, the Company has not adopted and implemented the corporate governance guideline as follows:

• Cumulative Voting

According to the Company's articles of association, it is stated that the voted of director should be casted with majority vote, and each of the shareholder should have their votes equal to the number of shares each shareholder is holding (Article no. 13). The Company has always given opportunity for the shareholders to propose agenda to be considered at the Annual General Meeting of Shareholders (AGM meeting) (Article no. 1, the Right of Shareholders of the CG policy). However, there was no proposal made by any of the shareholders to propose agenda to be consider at the 2023 AGM meeting.

Moreover, the Company has adopted other good corporate governance guidelines as follows:

The Company strictly follows the good guidelines for corporate governance for listed company to ensure efficient, transparent and verifiable management and control system, and to gain trust and confidence from all shareholders, investors, stakeholders, and to create value added and sustainable growth of the Company.

The board of directors has put in place a process to review at least once a year and make sure the Company complies with good corporate governance principles and structure in accordance with the Corporate Governance Code for listed company B.E. 2560, to ensure that the objectives, strategies, business plan support the Company's primary business targets. The board of directors also give importance in appropriately utilizing new technology and innovation to safeguard relevant database of all stakeholders.

The board of directors at all time places utmost significance in transparent processes for director nomination and selection, as well as in maintaining independency of the board of directors so as each of the director will be independently express their opinion on all matters considering at the board of directors. During the year 2023, the Company has implemented the followings:

• Strengthen Board Effectiveness

The Company views the structure and composition of the board of directors as the topmost importance, particularly the board diversity by genders and skill sets, which would be crucial factor for strategic planning and business operations of the Company. The Company as well trust in the independent directors of the Company to independently express their opinion on all subject matters proposed and recommended to the board of directors to assure equality of treatment to all stakeholders of the Company especially our minority shareholders.

Nomination and Reelection of Director

The Nomination and Remuneration Committee (NRC) is as a significant role in director nomination processes. The NRC considers the appropriateness, qualifications, education background, experience, expertise and diversification of the board members, without any limitation on age, gender, religion, and race. The NRC normally makes recommendations to the board of directors for consideration and the board of directors to further propose to the shareholders' meeting for approval accordingly.

There are 11 members of the board of directors and each of the director is possessing diversified qualifications, expertise, business and industry knowledge pertinent to the Company's business strategies, objectives and targets. The Company has 5 independent directors from total number of 11 directors, or approximately 45 percent. There are some independent directors who have been serving the Company for more than 9 consecutive years, however, each of the independent director still maintains his/her independency in performing their duties.

For additional information, please go to "Governance Structure And Key Data On The Board Of Directors, Committees, Managements, Employees And Others" and "Report On Key Operating Results On Corporate Governance" in 56-1 One Report.

In the year 2023, the board of directors arranged to have performance self-assessment of the board of directors, sub-committees and the director on an individual basis. The results of the self-assessment will be summarized and proposed to the board of directors for consideration and improvement of their duties. The performance assessments are prepared in 3 categories, assessment form for the board of directors (as a whole), for each sub-committee (as a whole), and for each of the director (on individual basis). There are 4 criteria in the performance assessment form, which are (1) Structure and qualification of the board of directors, (2) Conducting of its meeting, (3) Roles and responsibilities, and (4) Other (i.e. relationship with the management), these forms are in line with the self-assessment forms provided by the Stock Exchange of Thailand. For the performance assessment of the sub-committee and the directors on his/her individual basis, there are 3 criteria, being (1) Structure and qualification of the board of 3 Roles and responsibilities.

The Company arranged for the directors and members of each sub-committee of the board to conduct their performance self-assessment during December to January, and the company secretary will collect the self-assessment forms filled out by each director or committee member, summarize assessment results, suggestions, and propose them to the board of directors meeting with the lower and higher score analysis against the previous year results.

Remuneration Policy

Employees' Remuneration

The Group's remuneration policy is built on a transparent appraisal system and formulated to drive the performance of its employees, who are its most important asset.

The objective of the Group's remuneration policy is to attract, motivate, reward, and retain quality staff. The typical compensation package for employees comprises basic salary, variable performance bonus, allowances, as well as benefits. In determining the composition of the package, the nature of the role performed and market practice are taken into consideration. To ensure that its remuneration package is competitive with the industry's benchmark, the Group periodically reviews its base salary ranges and benefits package with comparative groups in the hospitality sector.

Total remuneration and benefits paid to employees (such as salary, bonus, car allowance, social security payment, provident fund payment, medical, accident & health insurance, complimentary vouchers, etc.) during the 12 months ended 31 December 2023 amounted to Baht 147,716,627.

The ratio of compensation for female employees to male employees is compensation for female employees equal to 38.85% and compensation for male employees equal to 61.15%.

The company discloses information on salary increases and communicates to employees to understand the criteria for salary increases that are consistent with their work performance. Reports on compensation paid to employees are disclosed to relevant departments, and the Company arranges for annual measurement of differences in compensation for female and male employees.

The company provides savings promotion for employees in the form of provident funds and savings cooperatives. The total number of employees who are members of the provident fund is 1,248 people, accounting for 45.12%. The total number of employees who are members of savings cooperatives is 871 people, accounting for 31.49%.

The company has an annual employee satisfaction survey once a year and has an employee well-being survey once a year as well. From the survey results, the Human Resources Department works with each department to create plans to develop employee satisfaction and well-being by organizing activities to promote relationships such as the annual party, outing, and long service award for those employees working for 5 years of service and above. In terms of well-being, the company organizes activities to enhance employees' well-being in terms of financial, emotional, and physical aspects.

Current employee turnover rate is 2.81%. Latest employee satisfaction survey results: 90%

Corporate Governance Report

1. Performance of the Board of Directors for the year 2023

1.1 Nomination, Development and Performance Assessment of the Board

(1) Independent Directors

Definition of "Independent Director"

"Independent Directors" means the persons who have all the necessary qualifications and independence which is in line and more stringent than the criteria set by the Capital Market Supervisory Board. At present, the said criteria prescribe that the qualifications of an Independent Director are as follows:

- (a) holding not exceeding 0.75 percent of the total voting shares of the Company, its parent company, subsidiary, associate company, major shareholder or controlling person, including shares held by the connected persons of such independent director;
- (b) neither being nor having been an executive director, employee, staff, advisor who receives a salary or the controlling person of the Company, its parent company, subsidiary, associate company, same-level subsidiary, major shareholder or controlling person, unless the foregoing status has ended not less than two years prior to the date of appointment. Such prohibited characteristics shall exclude the case where an independent director used to be a government official or advisor of a governmental agency, which is a major shareholder or the controlling person of the Company;
- (c) not being a person who is related by blood or registration under laws, such as father, mother, spouse, sibling and child, including the spouse of a child, other directors, executives, major shareholders, controlling person or person to be nominated as director, executive or controlling person of the Company or its subsidiary;
- (d) not having or having had a business relationship with the Company, its parent company, subsidiary, associate company, major shareholder, or controlling person in a manner that may interfere with his/her independent judgment, and neither being nor having been a significant shareholder or the controlling person of any person having a business relationship with the Company, its parent company, subsidiary, associate company, major shareholder or controlling person, unless the foregoing relationships have ended not less than two years prior to the date of appointment.

The term 'business relationship' aforementioned under paragraph one includes any normal business transaction, rental or lease of immovable property, transactions relating to assets or services or grant or receipt of financial assistance through receiving or extending loan, guarantee, providing assets as collateral, and any other similar actions, which result in the Company or his/her counterparty being subject to indebtedness payable to the other party in the amount of three percent or more of the net tangible assets of the Company or twenty million baht or more, whichever amount is lower. The amount of such indebtedness shall be in accordance with the method for calculating the value of connected party transactions under the Notification of the Capital Market Supervisory Board governing rules on connected transactions mutatis mutandis. The combination of such indebtedness shall include the indebtedness taking place during the course of one year prior to the date on which the business relationship with the person commences;

- (e) neither being nor having been an auditor of the Company, its parent company, subsidiary, associate company, major shareholder, or controlling person, and not being a significant shareholder, controlling person, or partner of the audit firm which employs the auditor of the Company, its parent company, subsidiary, associate company, major shareholder, or controlling person, unless the foregoing relationship has ended not less than two years prior to the date of appointment;
- (f) neither being nor having been any professional advisor including the legal advisor or financial advisor being paid with a service fee of more than two million baht per year by the Company, its parent company, subsidiary, associated company, majority shareholder, or controlling person, and not being a significant shareholder, controlling person, or partner of the professional advisor, unless the foregoing relationship has ended for not less than two years prior to the date of the appointment;
- (g) not being a director who is appointed as the representative of the Company's directors, major shareholder, or shareholder who is a connected person of the Company's major shareholder;
- (h) not operate any business which has the same nature as and is in significant competition with the business of the Company or its subsidiary, or not being a principal partner in any partnership, or not being an executive director, employee, staff, advisor earning a regular monthly salary, or not holding shares exceeding one percent of the total number of voting rights of any other company operating business which has the same nature as and is in significant competition with the business of the Company or its subsidiary;
- (i) not having any other characteristics which make him/her incapable of expressing independent opinions with regard to the Company's business affairs.

After having been appointed as an independent director with qualifications complying with the criteria under (a) to (i) of the first paragraph, the independent director may be assigned by the board of directors to take part in the business decision of the Company, its parent company, subsidiary, associate company, same-level subsidiary, major shareholder or controlling person, providing that such decision shall be in the form of collective decision.

All independent directors of the Company are independent of management and major/substantial shareholders and meet the Company's definition of Independent Director which also in line with the qualification of Audit Committee in accordance with the notification of the Capital Market Supervisory Board.

The independent directors have no affiliations or business relationships with the Company and are not directly associated with a shareholder of the Company, nor having any relationships or circumstances exist which are likely to, or could appear to, interfere with the exercise of their independent business judgment with a view to the best interest of the Company.

Consecutive Terms of Office of an Independent Director

When independent directors are due to retire by rotation, the Board of Directors may nominate their names to be re-elected at the Annual General Meeting of Shareholders as deemed appropriate.

The Company has yet stipulated a limitation on the consecutive directorship terms of office for independent directors, as the Company's independent directors are qualified according to the definition specified by the SEC and the Company. They also have the knowledge and good understanding of the Company's business and are able to provide opinions independently in Board of Directors' meetings and Sub-Committees' meetings.

(2) Nomination of Board members

Nomination of Board members

The Nomination and Remuneration Committee is responsible for the nomination of new directors. The following matters will be taken into consideration as part of the selection criteria, such as:

- Structure of the Board of Directors, which shall consist of members in the number that is suitable for the size and business strategy of the Company.
- Diversity in the structure and skills of the Board of Directors (Board Diversity), including but not limited to, race, religion, national origin and gender.
- Qualifications and skills of the director(s) that are necessary but lacking among the existing Board of Directors, and appropriate to drive the Company's business strategy and target.
- The Board Skill Matrix will be used to identify the required qualifications.

Nomination Procedures

The Nomination and Remuneration Committee will search for potential candidates for the position of director(s) from various souces such as recommendation of other directors, nomination by the shareholders of the Company, including but not limited to the service of external professional serch firms or the director pool or other nomination procedures as the Nomination and Remuneration Committee considers appropriate, and propose the most qualified candidate(s) to the Board of Directors or the shareholders' meeting (as the case may be) for consideration and appointment.

Succession Plan

The Board of Directors places importance on having an effective and efficient management as well as the continuance of its business operations, which are essential factors to the sustainable growth of the organization. Thus, the Company is required to prepare a succession plan for the positions of the Chief Executive Officer, Managing Director, and other senior executive positions, and to review every 3 years to ensure that there will be competent senior executives suitable for the succession of these key positions.

Development of Directors and Management

The Company's directors, management, and employees are constantly encouraged to develop their skills by attending various seminars and training courses organized by various organizations, e.g. the Thai Institute of Directors Association, the SET and the SEC, etc. Seminars and training courses are periodically forwarded to them. Furthermore, the relevant information is regularly provided to the directors so that they are kept abreast of the latest developments thus enabling them to make informed decisions. In 2023, Mr. Vudhiphol Suriyabhivadh and Dr. Jingjai Hanchanlash, Independent Directors attended the seminar for the audit committee on the topic of "Decorating financial statements to commit corruption in the Thai capital market and sustainability under the economic recession and measures to reduce global warming.", organised by EY Office Co., Ltd.

Details of the training previously undertaken by each director are set out the section of Board Members in the Company's 56-1 One Report.

Orientation for New Director

The Company recognizes the importance of supporting new directors in performing their duties. The Company has provided the information on its business and other information related to the operations of the Company to new directors such as the Company's relevant charter, policies, procedures, annual information disclosure, and relevant laws and regulations so that they are adequately informed of the rules and regulations and business of the Company prior to performing their duties.

External Directorship Policy

The Board of Directors has set a policy to limit the number of listed companies in which each director may hold a directorship. This policy aims to protect the Company's best interests because it helps to ensure that directors have sufficient time to handle their duties efficiently. The Board of Directors has agreed to set the policy prescribing that each director should hold directorship of a maximum of 5 other listed companies.

In addition, the Chief Executive Officer shall obtain prior approval for any external directorship from the Board of Directors. While all other executive officers shall obtain prior approval for any external directorship from his/her superior holding the rank of Senior Vice President or higher relevant to the executive officer's business unit. Where the approval as described was obtained but a material change in circumstances renders it inappropriate for the executive officer to continue his/her external directorship, it is a conflict of interest unless a fresh approval is obtained by the executive officer in accordance with the requirements set out.

Performance Evaluation of the Board

Based on the principles of good corporate governance, the Board of Directors and Sub-Committees conduct a self-evaluation at least once a year so that they could review and improve their performance. The evaluation is based on the self-assessment form developed by the Stock Exchange of Thailand, which is adapted to suit the Company's business nature and to cover the performance of the Board which consists of the following:

- 1. Self-assessment form of the Board of Directors to evaluate the performance of the entire Board as a whole and on an individual basis of each board member.
- 2. Self-assessment form of the Sub-Committees
 - 2.1 The Audit, Risk and Corporate Committee
 - 2.2 The Nomination and Remuneration Committee

At the end of every year, the Company Secretary will send a self-assessment form to each member of the Board of Directors and Sub-Committees to appraise the annual performance, collect the completed forms, conclude and report the performance evaluation results to the Board of Directors and/or each Sub-Committee for acknowledgement.

The self-assessment form of the Board of Directors and Sub-Committees consists of the following main topics for performance rating including

- Board structure and qualifications
- Roles, duties, and responsibilities of the Board
- Board meeting
- Board performance
- Relationship with management
- Director's self-improvement and management development

The assessment forms follow the levels of performance in accordance with the scores achieved as shown below:

From 85%	=	Excellent
From 75%	=	Very good
From 65%	=	Good
From 50%	=	Fair
Below 50%	=	Need improvement

The assessment result in 2023 of the Board of Directors and each Sub-Committee are as follows:

- 1. The Board of Directors as a whole achieved an average score of 91.4 percent which is in the Excellent category and the Board of Directors on an individual basis achieved an average score of 86.6 percent which is in the Excellent category.
- 2. The Audit, Risk and Corporate Governance Committee achieved an average score of 98.8 percent which is in the Excellent category.
- 3. The Nomination and Remuneration Committee achieved an average score of 96.2 percent which is in the Excellent category.

1.2 Meeting Attendance and Individual Directors' Compensation

(1) Board of Directors

The Company conducts Board of Directors meetings every quarter at least 4 times a year which are planned, formally agreed upon in advance and communicated to all directors before the start of the new financial year. The meeting documents shall be sent out to the directors in advance at least 5 days prior to the meeting date. Additional meetings are convened as and when circumstances warrant. In 2023, the Company conducted 4 Board meetings and the attendance of all directors is shown shown below:

The Board is of the view that the contribution of each director should not be focused only on his or her attendance at Board and/or Committee meetings. A director's contribution may also extend beyond the confines of the formal environment of Board meetings, through the sharing of views, advice, experience, and strategic networking relationships which would further the interests of the Company.

(2) Remuneration of Directors

The fees for Independent Directors, Non-Executive Directors, and Directors reflect the scope and extent of a director's responsibilities and obligations. They are measured against industry benchmarks and are competitive. Directors' fees are subject to shareholders' approval at the Annual General Meeting. In addition to directors' fees, Independent Directors and Non-Executive Directors also receive compensation in kind in terms of goods and services provided at hotels operated by the Group.

Monetary Remuneration

The remuneration fees of the year 2023 were equivalent to the fee in 2022 for all members of the Board of Directors, the Audit, Risk and Corporate Governance Committee (ARCG) and Nomination and Remuneration Committee (NRC) and will continue to be in effect for each subsequent year, unless or until resolved otherwise by a general meeting of the shareholders of the Company.

Non-Monetary Remuneration

Benefits in the form of spa and gallery vouchers are given to independent directors and non-executive director for spa services and for purchases at Banyan Tree Gallery shops. 1.3 Governance over Operations of Subsidiary / Associated Companies

In monitoring the business operations of subsidiaries and associated companies, the Company will assign its directors or managements to act as directors in subsidiary and associated companies according to the proportion of shareholding. They act as the representatives on behalf of the Company to set policies and conduct the business of subsidiaries and associated companies consistently with the Company's main policy. The assignment of the Company's representatives to be directors or managements in subsidiary and associated companies is in the scope of authority of the management. The directors or managements who represent the Company will

perform their duties within the scope of their roles and responsibilities in order to maintain the maximum benefit of the Company and report directly to the management. All transactions in any subsidiaries and associated companies, which may significantly affect the business operation or financial position of the Company, must be considered and approved by the Board of Directors of the Company.

The Company encourages and monitors the subsidiaries and associated companies to operate their business in compliance with the good corporate governance policy and the rules and regulations of relevant authorities including business transactions such as the acquisition and disposition of assets and connected transaction of the Company and its subsidiaries and associated companies, to maintain accurate accounting records and financial reports according to accounting standards and to be audited by the Company's Internal Audit to ensure that there is a sufficient and effective internal control system.

1.4 Corporate Governance Policy and Guideline Compliance Control

Supervision on the Use of Inside Information

To prevent the misuse of confidential and price-sensitive undisclosed corporate information, the Board of Directors of the Company approved the policy on dealing in securities of the Company which prohibits any directors, management, and employees, regardless of rank, from disclosing or using such confidential and price-sensitive corporate information. Employees are prohibited to trade in the Company's shares for personal gain or any other reason not in the Company's interest or dealing in the Company's securities while in possession of unpublished confidential and price-sensitive information during the "embargo period" which is defined as 1 month before and up to the date of announcement of the Company's financial results for each quarter. The policy and reminder of the embargo periods are communicated to directors, management, and employees on an annual and quarterly basis to strictly comply with this policy. Confidential and price-sensitive information is also restricted to only directors, management, and those officers who have direct responsibility over such matters. Any violation of this policy shall be subject to disciplinary actions under the working regulation. Additionally, the Company monitors the trading of the Company's securities by its directors and senior management who are required to report to the Board of Directors on a quarterly basis on the holding of the Company's securities and in accordance with the rules of the Securities and Exchange Commission.

In addition, the Board of Directors shall monitor all required actions in accordance with relevant measures. Any change of securities and derivatives holding of directors and management shall be reported in the Board of Drectors' Meeting and disclosed in the one report. Internal Control and Related Party Transaction

Internal Control

Opinion of the Audit, Risk and Corporate Governance Committee on the Company's Internal Control

To: The Board of Directors,

Laguna Resorts & Hotels Public Company Limited

The Audit, Risk and Corporate Governance ("ARCG") Committee met four times in 2023 to perform its duties in accordance with the charter. Amongst other activities, the ARCG Committee reviewed the work of both the Company's internal and external auditors. These reviews were based upon a structured yearly work plan which the ARCG Committee approved annually in advance and it also takes on additional reviews when it is deemed appropriate.

Throughout 2023, risk management was rigorously reviewed, implemented and enforced across all companies under Laguna Resorts & Hotels Public Company Limited. In this regard, controls that mitigate risks to an acceptable level were identified, updated in risk registers, and periodically reviewed. Additionally, the internal controls were also examined and results documented to ensure that the Company has sufficient procedures and controls in place.

Based upon these reviews, the ARCG Committee is satisfied that the Group's internal controls are suitable and sufficient to support its operations and to enable the external auditors to express the opinion that the Company's financial statements are presented fairly in all material respects.

Jumpellith

Mr. Vudhiphol Suriyabhivadh Audit, Risk and Corporate Governance Committee Chairman

Opinion of the Board of Directors on the Company's Internal Control

Based upon the reports of work carried out by the external auditors, the Board of Directors is of the opinion that the Company's internal accounting controls are adequate and have enabled the external auditors to opine that the financial statements for the year ended 2023 are presented fairly. The Board of Directors has also taken note of and accepted the Audit, Risk and Corporate Governance Committee's report on the internal control system and therefore concludes that there are no material weaknesses in the Company's internal control system.

Holomy-p

Mr. Ho KwonPing Chairman of the Board

Related Party Transaction

In 2023 the Company and its subsidiaries had a significant number of business transactions with related parties (related by way of shareholding, common shareholders, directors, and/or management) but all of which are conducted as part of the Company's normal course of business.

The Company by the nature of its product and its complex group structure has a large number of related party transactions. Laguna Phuket is an integrated resort with a number of hotels and associated resort services being incorporated in different companies within the group. This in itself results in a significant number of related party transactions which are considered to be necessary and reasonable for the operation of Laguna Phuket. The nature, pricing, and agreements of these transactions are summarised below:

Inter-Resort Charges and Credit Card Commission

- These charges relate to goods and services that are consumed by customers in one part of Laguna Phuket but are billed centrally to the customer at the hotel at which the customer is staying. Such charges relate to meals at restaurants, golf fees, treatments at the spas, and goods purchased at shops in the resort. On receiving the funds centrally from the customer, the hotel reimburses the company in which the goods and services are consumed. Actual receipts are paid and credit card commission is charged ranging from 2 percent to 5 percent of the revenue and are based on the commissions charged by the credit card companies. Such inter resort charges are also incurred at the Banyan Tree Bangkok and Laguna Golf Bintan primarily for treatments at the spas and goods purchased at the shops and golf fees at the golf course.
- These transactions provide the convenience of guest's payment and promote resort integration.

Management Fees

- Royalty fee paid for the use of "Banyan Tree", "Angsana" and "Cassia" trademarks, and all other proprietary rights associated with it.
 - (i) Banyan Tree Phuket (LBTL), Cassia Phuket (PGR), Angsana Villas Resort Phuket (BGL), and Homm Suites Laguna (formerly know as Laguna Holiday Club Phuket Resort) (BGL) pay a royalty fee of 2 percent of total revenue.
 - (ii) Banyan Tree Bangkok (TWPL) and Angsana Laguna Phuket (BGL) pay a royalty fee of 3 percent of total revenue.
 - (iii) BTG(T) pay a royalty fee of 1 percent of total revenue.
- Hotel management and technical assistance fees.
 - (iv) The Technical Assistance Agreement of the Banyan Tree Phuket pays a technical fee of 7.5 percent of gross operating profit.
 - (v) The Hotel Management Agreement of the Banyan Tree Bangkok and the Angsana Laguna Phuket pay a hotel management fee of 10 percent of gross operating profit. Cassia Phuket, Angsana Villas Resort Phuket, and Homm Suites Laguna pay a hotel management fee of 7.5 percent of gross operating profit.

- (vi) In addition, under the hotel management and technical assistance agreements, expenses relating to the sharing of group marketing costs such as promotional campaigns and advertisements, sales staff salaries, central reservations, and international sales offices incurred by Banyan Tree and/or Angsana and/or Cassia corporate head office are charged as follows:
 - Group marketing services shared on a group basis are based on 2 percent of total actual hotel revenues.
 - Reservation service fees are 1 percent of room revenue plus USD 12 per booking sourced through third-party channels.
- All management fees are consistent with industry practice and the sharing of group marketing costs incurred by Banyan Tree Phuket, Banyan Tree Bangkok, Angsana Laguna Phuket, Angsana Villas Resort Phuket, Cassia Phuket, and Homm Suites Laguna are the reimbursement of costs benefiting each of the hotels. As a result, these transactions are on normal commercial terms and conditions.

Management Fee – Project Service, Architectural and Interior Design Service

• The fees for project service, architectural, and interior design services are based on a 10 percent markup of actual working hours in providing the service and included all costs. The fees are consistent with industry practice. Therefore, these transactions are on normal commercial terms and conditions.

Management Fee - Providing Operational, Visual, and Product Training Service

• This relates to the management fee charged to related companies for providing operational, visual, and product training services. The fee is an annual fee at SGD according to each agreement plus 15 percent of gross operating profit.

Management Income

- The Company charges a management fee to its subsidiaries for providing centralised duties and services for each operation in the group. The monthly fixed rate is charged dependent on the department serviced, except the internal audit service is charged by working hours.
- The management fee is charged to BTRS(T) for providing administration services of information technology and human resources. The monthly fee is charged at cost plus a certain margin.

Sale and Purchase of Goods

- Purchase of goods for their sales & marketing gifts and guest supplies for the hotel and spa relates to:
 - (i) Sale of goods from Gallery operations to related companies is priced at a 15 percent to 30 percent discount to the retail price depending on the volume purchased.
 - (ii) Sale of guest and spa supplies of high volume purchases from companies that operate galleries to related companies is priced at cost plus up to 30 percent and 40 percent margin.

Sale and Purchase of Spa and Gallery Vouchers

• Banyan Tree Spa and Banyan Tree Gallery vouchers are purchased for distribution to management to provide an additional benefit scheme. The vouchers are issued yearly to qualifying executives and are valid only within the year of the issue. The voucher is priced at the face value of the voucher.

Reimbursement of Costs

- Costs are often incurred within the group which is reimbursed by the company to which the expense relates. Actual costs are reimbursed.
- These transactions are made for the convenience of payment.
- The centralised service fee charges by BTRS(T) in respect of providing centralised service relating to accounting, purchasing, human resources, learning & development, reservation and information technology. These charges are based on a 5 percent markup on actual cost and the same is applied to all hotels and business operations concerned.

Rent and Service income

- These transactions relate to rent paid for premises and land. The rental periods are not over three years.
 - (i) Rental and service income for space in Banyan Tree Phuket for Banyan Tree Spa office and store is at Baht 1,207 per square meter per month.
 - (ii) Rental of space and service in Canal Village. The charges include rental and related service fees which are at market rate.
 - (iii) Rental and service income earned by TWPL for renting the office space at Thai Wah Tower I and Banyan Tree Bangkok. Rental and service fees charged include rental and related service fees which are at market rate.
 - (iv) Service income from the rental of Banyan Tree Management Academy is at Baht 136,591 per month.

Rental Return on Hotel Units

• This relates to a Management Agreement to manage the hotel units of CGL in the Angsana Resort & Spa on Bintan Island, Indonesia under which CGL receives a return of 15 percent per annum on the investment of the leasehold rights

Resort Service Charges

- Resort service charged to BTRS(T) relates to revenue of LSC which provides centralised services to operations in the group located at Laguna Phuket at the following rates:
 - Water supply

- : at the determined price and actual usage
- Laundry charge
- : at the price based on cost plus a certain margin: based on actual cost
- Common area service, transportation charges
- Staff buses

: at the price based on cost plus a certain margin

- Marketing fee
- Community service
- Other services

- : at the rate of 0.75 percent of the operations' actual revenue
- : based on actual cost
- : at the determined price and actual usage
- LSC centralises certain facilities and services for operations in Laguna Phuket to avoid duplication in investment and operating expenses. Where the charge is based on a standard or fixed rate, the same is applied to all hotels and business operations concerned.

Training Charges

• Training charges by BTHR(T) in respect of providing centralised training facilities and courses for staff. The training costs are allocated to each operation based on the actual cost.

Procedures for Approving Related Party Transactions

It is the Group's policy to ensure that there is no conflict of interest when related party transactions are executed. All existing related party transactions are communicated by each of the operations on a quarterly basis and reviewed by management. New proposed related party transactions are identified by and/or communicated to higher-level management and the transactions are approved by either senior management, Board of Directors, or the shareholders in accordance with the requirements of the SET and SEC. All new significant related party transactions are presented to the Audit, Risk and Corporate Governance Committee for an opinion that includes demonstrating that the transaction is on commercial terms and on an arm's length basis. Once recommended by the Audit, Risk and Corporate Governance Committee for an opinion that includes demonstrating that the transaction are committee the transaction will be proposed to the Board of Directors or the Board of Directors and shareholders for approval. Interested directors do not take part in approving the transaction.

Future Policy or Tendency of Related Party Transactions

It is the intention of the Company to minimise the incidence of related party transactions wherever practicable. However, given the nature of the Group structure and the Group's business, it is not possible to cease many of the current transactions. As a result, the Group's future policy is geared towards ensuring that all current and future transactions are necessary and are on commercial terms and an arm's length basis.

The reason for having persons with mutual interest holding (both directly and indirectly) more than 10 percent of the shares in the subsidiaries and associate in lieu of the Company

The person who may have a mutual interest and holds (both directly and indirectly) more than 10 percent of the shares in the subsidiaries and associates of the Company is BTH, who is also a major shareholder of the Company. The subsidiaries and associates whose shares are held by BTH engage in hotel and property development as well as souvenir retail in the hotels managed by BTH. With BTH's expertise and experience of international hotel development and management of award-winning hotels under the trademarks of "Banyan Tree", "Angsana", and "Cassia", the joint investment with BTH will result in the said subsidiaries and associate benefitting from the use of trademarks, reputation and managerial assistance of BTH.

Related party transactions, which have been concluded on the terms and basis determined by the Company, its subsidiaries, and related parties, or in accordance with the agreement, are detailed below. Significant transactions greater than Baht 1 million are disclosed separately and non-significant transactions have been grouped.

Reference for Valuation Price / Rental Fee Compared to 3rd Parties

Transaction Type	Justification for Transactions
Retail Rental	 Rental rate set on a square metre basis is in line with market rate. The majority of the rental of Banyan Tree Gallery, Spa and restaurants are contracted on a percentage of revenue basis and have been separately negotiated with the management of each hotel operation. Spa contracts being negotiated with other unrelated hotel operators are also structured on a percentage of revenue basis i.e. this is the general rental policy applied by the Banyan Tree Group.
Office Rental	 Rental rate is in line with market rate. Generally, in the upper range if compared to the same type of building in a similar location. Terms and conditions in the agreement are similar to other customers and the market. Service fee has been separated from rental for tax reasons.
Land Rental	 Land lease rates are very different in the market depending on the location and type of land. Net present value calculation of rent charged has been compared to valuations as performed by an independent property valuer.

Board of Directors' Responsibility for the Company's Financial Statements

The Board of Directors is responsible for the Company's financial statements including the notes to the financial statements.

The Board of Directors has relied upon the reports and work performed by the Company's external auditor, EY Office Limited, and the report of the Company's Audit, Risk and Corporate Governance Committee which has carried out extensive discussions with management of the Company in reviewing and finalising the Company's financial statements. The Board has satisfied that there are no material weaknesses in the Company's internal accounting controls, internal control system and standard operating procedures.

The Board of Directors is therefore able to conclude that the financial statements for the year ended 2023 have been prudently prepared in accordance with generally accepted accounting standards and principles to give a correct and complete presentation, in all material aspects, the financial position of the Company and its subsidiaries.

Mr. Ho KwonPing Chairman of the Board

Independent Auditor's Report

To the Shareholders of Laguna Resorts & Hotels Public Company Limited

Opinion

I have audited the accompanying consolidated financial statements of Laguna Resorts & Hotels Public Company Limited and its subsidiaries ("the Group"), which comprise the consolidated statement of financial position as at 31 December 2023, and the related consolidated statements of income, comprehensive income, changes in shareholders' equity and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies, and have also audited the separate financial statements of Laguna Resorts & Hotels Public Company Limited for the same period.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Laguna Resorts & Hotels Public Company Limited and its subsidiaries and of Laguna Resorts & Hotels Public Company Limited as at 31 December 2023, and their financial performance and cash flows for the year then ended in accordance with Thai Financial Reporting Standards.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of my report. I am independent of the Group in accordance with the *Code of Ethics for Professional Accountants including Independence Standards* issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants in the Code of Ethics for Professional Accountants in the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgement, were of most significance in my audit of the financial statements of the current period. These matters were addressed in the context of my audit of the financial statements as a whole, and in forming my opinion thereon, and I do not provide a separate opinion on these matters.

I have fulfilled the responsibilities described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report, including in relation to these matters. Accordingly, my audit included the performance of procedures designed to respond to my assessment of the risks of material misstatement of the financial statements. The results of my audit procedures, including the procedures performed to address the matters below, provide the basis for my audit opinion on the accompanying financial statements as a whole.

Key audit matters and how audit procedures respond to each matter are described below.

Revenue recognition of hotel and property development

Revenue from hotel and property development is the most significant amount in the consolidated income statement and it is one of key performance indication to which the management and users of the financial statements pay particular attention. There are therefore risks with respect to the occurrence of revenue recognition.

I have examined the revenue recognition of the Group by

- Assessing and testing the Group's IT system and its internal controls related to the revenue cycle by making enquiry
 of responsible executives, gaining an understanding of the controls and selecting samples to test the operation of
 the designed controls which respond to the above risks.
- Applying a sampling method to select agreements related to revenue recognition to assess whether revenue recognition was consistent with the conditions of the relevant agreement, and whether it was in compliance with the Group's policy.
- On a sampling basis, examining supporting documents for actual revenue transactions occurring during the year and near the end of the accounting period.
- Reviewing credit notes and reversals of revenue transactions after the period-end.
- Performing analytical procedures on disaggregated data to detect possible irregularities in sales transactions throughout the period, particularly for accounting entries made through journal vouchers.

Fair value measurement of land, buildings and investment properties

Land and buildings are stated at revalued amount and investment properties are stated at fair value. The management arranged for an independent valuer to appraise their fair value. The measurement of fair value is identified as a key audit matter because land, buildings and investment properties are the most significant amounts in the consolidated statement of financial position. In addition, the assessment of fair value required the management to exercise judgement in respect of the key assumptions and estimates, as described in Notes 17 and 18 to the consolidated financial statements. There are therefore risks with respect to the value of land, buildings and investment properties.

I assessed the management's determination of the fair value by performing the following procedures:

- Gaining an understanding of internal controls of the Group relevant to the measurement of fair value of land, buildings and investment properties.
- Evaluating the independence and competence of the independent valuer, together with the scope and objectives of the engagement of the independent valuer.
- Having discussions with the management and independent valuer to understand and assess the model or valuation
 methodologies and key assumptions applied in determination of fair value, as well as obtaining market insights where
 the properties are located, by involving an internal expert to compare the information with information from external
 sources based on the expert's knowledge and past experience.
- Comparing the consistency of valuation model or method used and key assumptions with those used in the prior year.
- Reviewing the completeness and correctness of data on a sampling basis prepared by management which were used in determination of fair value.
- Reviewing the disclosures related to land, buildings and investment properties in notes to the consolidated financial statements.

Other Information

Management is responsible for the other information. The other information comprise the information included in annual report of the Group, but does not include the financial statements and my auditor's report thereon. The annual report of the Group is expected to be made available to me after the date of this auditor's report.

My opinion on the financial statements does not cover the other information and I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audits, or otherwise appears to be materially misstated.

When I read the annual report of the Group, if I conclude that there is a material misstatement therein, I am required to communicate the matter to those charged with governance for correction of the misstatement.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Thai Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

 Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the
 audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant
 doubt on the Group's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am
 required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such
 disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to
 the date of my auditor's report. However, future events or conditions may cause the Group to cease to continue as
 a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. I am responsible for the direction, supervision and performance of the group audit. I remain solely responsible for my audit opinion.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide those charged with governance with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, I determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. I describe these matters in my auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

I am responsible for the audit resulting in this independent auditor's report.

- 2.3 The separate financial statements present investments in subsidiaries and associates under the cost method.

3. New financial reporting standards

3.1 Financial reporting standards that became effective in the current year

During the year, the Group has adopted the revised financial reporting standards which are effective for fiscal years beginning on or after 1 January 2023. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards.

The adoption of these financial reporting standards does not have any significant impact on the Group's financial statements.

3.2 Financial reporting standards that will become effective for fiscal years beginning on or after 1 January 2024

The Federation of Accounting Professions issued a number of revised financial reporting standards, which are

effective for fiscal years beginning on or after 1 January 2024. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards.

The management of the Group believes that adoption of these amendments will not have any significant impact on the Group's financial statements.

4. Significant accounting policies

4.1 Revenue and expense recognition

- (a) Revenue from hotel operations
 - Revenue from hotel operations, mainly comprises room revenues, food and beverage sales and revenue from auxiliary activities. Room revenues are recognised over time as the services are provided when the rooms are occupied. Food and beverage sales and revenue from auxiliary activities are recognised at a point in time when food and beverages are sold and the services are rendered. Sales are the invoiced value, excluding value added tax, of goods supplied and services rendered after deducting discounts.
 - Revenue from sales of merchandise (Gallery operation) is recognised at the point in time when control
 of the asset is transferred to the customer, generally upon delivery of the goods. Revenue is measured
 at the amount of consideration received or receivable, excluding value added tax, of goods supplied
 after deducting returns, discounts, allowances and price promotions to customers.
- (b) Revenue from property development operations
 - Revenue from the real estate sales

Revenue from sales of real estate is recognised at the point in time when control of the asset is transferred to the buyer, and the Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the real estate sold. In addition, the amount of revenue can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the Group and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Where properties are sold to non-Thais, the land is sold under a long-term lease agreement comprising an initial term of thirty years with an option to extend for two or three successive periods of thirty years each, without any additional consideration to be paid in addition to the sum of the rental paid for the initial lease term. These long-term lease agreements also contain a further option that provides if Thai law permits non-Thais to own land on a freehold basis, the lessor shall consent to sell the land to the lessee in return for a token payment. Consequently, long-term leases are recognised as sales of land for accounting purposes in accordance with the principle of applying substance over form.

- Revenue from services

Service revenue is recognised over time when services have been rendered taking into account the stage of completion.

(c) Revenue from rental and services

Rental income is recognised over the lease period. Service revenue is recognised over time when services have been rendered taking into account the stage of completion.

(d) Interest income

Interest income is calculated using the effective interest method and recognised on an accrual basis. The effective interest rate is applied to the gross carrying amount of a financial asset, unless the financial assets subsequently become credit-impaired when it is applied to the net carrying amount of the financial asset (net of the expected credit loss allowance).

(e) Dividends income

Dividends are recognised as income when the right to receive the dividends is established.

(f) Finance cost

Interest expense from financial liabilities at amortised cost is calculated using the effective interest method and recognised on an accrual basis.

4.2 Cost of property development

In determining the cost of property development sold, the anticipated total development cost (after recognising the cost incurred to date) are attributed to units on the basis of the salesable area and then recognised as cost in profit or loss.

4.3 Cash and cash equivalents

Cash and cash equivalents consist of cash on hand and at banks, and all highly liquid investments with an original maturity of three months or less and not subject to withdrawal restrictions.

4.4 Inventories

Inventories are valued at the lower of cost and net realisable value, cost being determined on either the first-in, first-out or the weighted average basis.

4.5 Property development cost

Property development cost is valued at the lower of cost and net realisable value. Cost comprises cost of land, design fee, infrastructure, construction and related interest.

4.6 Cost to obtain contracts with customers

The Group recognises commission paid to obtain a customer contract as an asset and amortises to expenses on a systematic basis that is consistent with the pattern of revenue recognition. An impairment loss is recognised to the extent that the carrying amount of an asset recognised exceeds the remaining amount of consideration that the entity expects to receive less direct costs.

4.7 Investments in subsidiaries and associates

Investments in associates are accounted for in the consolidated financial statements using the equity method.

Investments in subsidiaries and associates are accounted for in the separate financial statements using the cost method.

4.8 Investment properties

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at fair value. Any gains or losses arising from changes in the value of investment properties are recognised in profit or loss when incurred.

On disposal of investment properties, the difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period when the asset is derecognised.

4.9 Property, plant and equipment/Depreciation

Land is stated at its revalued amount. Buildings and equipment are stated at cost or revalued amount less accumulated depreciation and allowance for loss on impairment of assets (if any).

Land and buildings are initially recorded at cost on the acquisition date, and subsequently revalued by an independent professional appraiser to their fair values. As a policy, the revaluation will be performed every three years. If within that period, there are factors which may cause significant changes in the value of assets, the revaluation will be performed in that year to ensure that the carrying amount does not differ materially from fair value at the end of reporting period.

Differences arising from the revaluation are dealt with in the financial statements as follows:

- When an asset's carrying amount is increased as a result of the revaluation of the Group's assets, the increase is credited directly to the other comprehensive income and the cumulative increase is recognised in equity under the heading of "Revaluation surplus on assets". However, a revaluation increase is recognised as income to the extent that it reverses a revaluation decrease in respect of the same asset previously recognised as an expense.
- When an asset's carrying amount is decreased as a result of a revaluation of the Group's assets, the decrease is recognised in profit or loss. However, the revaluation decrease is charged to the other comprehensive income to the extent that it does not exceed an amount already held in "Revaluation surplus on assets" in respect of the same asset.

Depreciation of plant and equipment is calculated by reference to their costs or the revalued amounts on the straight-line basis over the following estimated useful lives:

Building and building improvement	10 - 50	years
Machinery and equipment	5 - 15	years
Furniture, fixtures and motor vehicles	5	years
Operating and office equipment	3 - 5	years
Golf course, land improvement and external work	5 - 50	years

Depreciation is included in determining income.

No depreciation is provided on land and construction in progress.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on disposal of an asset is included in profit or loss when the asset is derecognised. The revaluation surplus presented in other components of shareholders' equity has been directly transferred to retained earnings on retirement or disposal of the assets.

4.10 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective assets. All other borrowing costs are expensed in the period they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Capitalisation rates are calculated based on the weighted average of the interest expenses incurring during the year on loans for development of projects.

4.11 Goodwill

Goodwill is initially recorded at cost, which equals to the excess of cost of business combination over the fair value of the net assets acquired. If the fair value of the net assets acquired exceeds the cost of business combination, the excess is immediately recognised as gain in profit or loss.

Goodwill is carried at cost less any accumulated impairment losses. Goodwill is tested for impairment annually and when circumstances indicate that the carrying value may be impaired.

For the purpose of impairment testing, goodwill acquired in a business combination is allocated to each of the Group's cash generating units (or group of cash-generating units) that are expected to benefit from the synergies of the combination. The Group estimates the recoverable amount of each cash-generating unit (or group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit is less than the carrying amount, an impairment loss is recognised in profit or loss. Impairment losses relating to goodwill cannot be reversed in future periods.

4.12 Leases

At inception of contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Group as a lessee

The Group applied a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. At the commencement date of the lease (i.e. the date the underlying asset is available for use), the Group recognises right-of-use assets representing the right to use underlying assets and lease liabilities based on lease payments.

Right-of-use assets

Right-of-use assets are measured at cost, less accumulated depreciation, any accumulated impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities initially recognised, initial direct costs incurred, and lease payments made at or before the commencement date of the lease less any lease incentives received.

Depreciation of right-of-use assets are calculated by reference to their costs, on the straight-line basis over the shorter of their estimated useful lives and the lease term.

Land	3	years
Buildings and building improvement	5	years
Machinery and equipment	4 - 5	years
Vehicles	5	years
Pier	3	years

If ownership of the leased asset is transferred to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

Lease liabilities

Lease liabilities are measured at the present value of the lease payments to be made over the lease term. The lease payments include fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be payable under residual value guarantees. Moreover, the lease payments include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising an option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs.

The Group discounted the present value of the lease payments by the interest rate implicit in the lease or the Group's incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

Short-term leases and leases of low-value assets

A lease that has a lease term less than or equal to 12 months from commencement date or a lease of low-value assets is recognised as expenses on a straight-line basis over the lease term.

The Group as a lessor

A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset to a lessee. Lease receivables from operating leases is recognised as income in profit or loss on a straight-line basis over the lease term. Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the underlying assets and recognised as an expense over the lease term on the same basis as the lease income.

4.13 Deferred financial fees

Financial expenses related to borrowings that are typically incurred on or before signing facility agreements and before actual draw down of the loans are recorded as deferred financial fees. A portion of deferred financial fees proportionate to the amount of the loan facility already drawn is presented as a deduction against the related loan account and amortised using the effective interest rate method over the term of the loans.

The amortisation of deferred financial fees is included in profit or loss.

4.14 Related party transactions

Related parties comprise individuals or enterprises that control, or are controlled by, the Company, whether directly or indirectly, or which are under common control with the Company.

They also include associates, and individuals or enterprises which directly or indirectly own a voting interest in the Company that gives them significant influence over the Company, key management personnel, directors and officers with authority in the planning and direction of the Company's operations.

4.15 Foreign currencies

The consolidated and separate financial statements are presented in Baht, which is also the Company's functional currency. Items on each entity included in the consolidated financial statements are measured using the functional currency of that entity.

Transactions in foreign currencies are translated into Baht at the exchange rates ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into Baht at the exchange rates ruling at the end of reporting period.

Gains and losses on exchange are included in determining income.

4.16 Impairment of non-financial assets

At the end of each reporting period, the Group performs impairment reviews in respect of the property, plant and equipment, right-of-use assets and investment properties whenever events or changes in circumstances indicate that an asset may be impaired. The Group also carries out annual impairment reviews in respect of goodwill. An impairment loss is recognised when the recoverable amount of an asset, which is the higher of the asset's fair value less costs to sell and its value in use, is less than the carrying amount. In determining value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, an appropriate valuation model is used. These calculations are corroborated by a valuation model that, based on information available, reflects the amount that the Group could obtain from the disposal of the asset in an arm's length transaction between knowledgeable, willing parties, after deducting the costs of disposal.

An impairment loss is recognised in profit or loss. However, in cases where property, plant and equipment was previously revalued and the revaluation was taken to equity, a part of such impairment is recognised in equity up to the amount of the previous revaluation.

In the assessment of asset impairment, if there is any indication that previously recognised impairment losses may no longer exist or may have decreased, the Group estimates the asset's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The increased carrying amount of the asset attributable to a reversal of an impairment loss shall not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in profit or loss unless the asset is carried at a revalued amount, in which case the reversal, which exceeds the carrying amount that would have been determined, is treated as a revaluation increase.

4.17 Employee benefits

Short-term employee benefits

Salaries, wages, bonuses and contributions to the social security fund are recognised as expenses when incurred.

Post-employment benefits and other long-term employee benefits

Defined contribution plans

The Group and their employees have jointly established a provident fund. The fund is monthly contributed by employees and by the Group. The fund's assets are held in a separate trust fund and the Group's contributions are recognised as expenses when incurred.

Defined benefit plans and other long-term employee benefits

The Group has obligations in respect of the severance payments they must make to employees upon retirement under labor law and other employee benefit plans. The Group treats these severance payment obligations as a defined benefit plan. In addition, the Group provides other long-term employee benefits plans, namely long service awards.

The obligation under the defined benefit plan and other long-term employee benefit plans is determined by a professionally qualified independent actuary based on actuarial techniques, using the projected unit credit method.

Actuarial gains and losses arising from defined benefit plans are recognised immediately in other comprehensive income.

Actuarial gains and losses arising from other long-term benefits are recognised immediately in profit and loss.

Past service costs are recognised in profit or loss on the earlier of the date of the plan amendment or curtailment and the date that the Group recognises restructuring-related costs.

4.18 Provisions

Provisions are recognised when the Group has a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

4.19 Income tax

Income tax expense represents the sum of corporate income tax currently payable and deferred tax.

Current tax

Current income tax is provided in the accounts at the amount expected to be paid to the taxation authorities, based on taxable profits determined in accordance with tax legislation.

Deferred tax

Deferred income tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts at the end of each reporting period, using the tax rates enacted at the end of the reporting period.

The Group recognises deferred tax liabilities for all taxable temporary differences while they recognise deferred tax assets for all deductible temporary differences and tax losses carried forward to the extent that it is probable that future taxable profit will be available against which such deductible temporary differences and tax losses carried forward can be utilised.

At each reporting date, the Group reviews and reduces the carrying amount of deferred tax assets to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

The Group records deferred tax directly to shareholders' equity if the tax relates to items that are recorded directly to shareholders' equity.

4.20 Financial instruments

The Group initially measures financial assets at its fair value plus, in the case of financial assets that are not measured at fair value through profit or loss, transaction costs. However, trade receivables, that do not contain a significant financing component are measured at the transaction price as disclosed in the accounting policy relating to revenue recognition.

Classification and measurement of financial assets

Financial assets are classified, at initial recognition, as to be subsequently measured at amortised cost, fair value through other comprehensive income ("FVOCI"), or fair value through profit or loss ("FVTPL"). The classification of financial assets at initial recognition is driven by the Group's business model for managing the financial assets and the contractual cash flows characteristics of the financial assets.

Financial assets at amortised cost

The Group measures financial assets at amortised cost if the financial asset is held in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest rate ("EIR") method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

Financial assets designated at FVOCI (equity instruments)

Upon initial recognition, the Group can elect to irrevocably classify its equity investments which are not held for trading as equity instruments designated at FVOCI. The classification is determined on an instrument-by-instrument basis.

Gains and losses recognised in other comprehensive income on these financial assets are never recycled to profit or loss.

Dividends are recognised as other income in profit or loss, except when the dividends clearly represent a recovery of part of the cost of the financial asset, in which case, the gains are recognised in other comprehensive income.

Equity instruments designated at FVOCI are not subject to impairment assessment.

Classification and measurement of financial liabilities

Except for derivative liabilities, at initial recognition, the Group's financial liabilities are recognised at fair value net of transaction costs and classified as liabilities to be subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. In determining amortised cost, the Group takes into account any discounts or premiums on acquisition fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in profit or loss.

Derecognition of financial instruments

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or have been transferred and either the Group has transferred substantially all the risks and rewards of the asset, or the Group has transferred control of the asset.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in profit or loss.

Impairment of financial assets

The Group recognises an allowance for expected credit losses ("ECLs") for all debt instruments not held at FVTPL. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate.

For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure (a lifetime ECL).

The Group considers a significant increase in credit risk to have occurred when contractual payments are more than 30 days past due and considers a financial asset as credit impaired or default when contractual payments are 90 days past due. However, in certain cases, the Group may also consider a financial asset to have a significant increase in credit risk and to be in default using other internal or external information, such as credit rating of issuers.

For trade receivables, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date.

ECLs are calculated based on its historical credit loss experience and adjusted for forward-looking factors specific to the debtors and the economic environment.

A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Offsetting of financial instruments

Financial assets and financial liabilities are offset, and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

4.21 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyer and seller (market participants) at the measurement date. The Group applies a quoted market price in an active market to measure their assets and liabilities that are required to be measured at fair value by relevant financial reporting standards. Except in case of no active market of an identical asset or liability or when a quoted market price is not available, the Group measures fair value using valuation technique that are appropriate in the circumstances and maximises the use of relevant observable inputs related to assets and liabilities that are required to be measured at fair value.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy into three levels based on categorise of input to be used in fair value measurement as follows:

- Level 1 Use of quoted market prices in an observable active market for such assets or liabilities
- Level 2 Use of other observable inputs for such assets or liabilities, whether directly or indirectly
- Level 3 Use of unobservable inputs such as estimates of future cash flows

At the end of each reporting period, the Group determines whether transfers have occurred between levels within the fair value hierarchy for assets and liabilities held at the end of the reporting period that are measured at fair value on a recurring basis.

5. Significant accounting judgements and estimates

The preparation of financial statements in conformity with financial reporting standards at times requires management to make subjective judgements and estimates regarding matters that are inherently uncertain. These judgements and estimates affect reported amounts and disclosures; and actual results could differ from these estimates. Significant judgements and estimates are as follows:

Investment properties

The Group presents investment properties at the fair value estimated by an independent appraiser, and recognises changes in the fair value in profit or loss. The independent appraiser valued the investment properties using the market approach. The key assumptions used in estimating the fair value are described in Note 17.

Property, plant and equipment/Depreciation

In determining depreciation of plant and equipment, the management is required to make estimates of the useful lives and residual values of the plant and equipment and to review estimated useful lives and residual values when there are any changes.

The Group measures land and buildings at revalued amounts. Such amounts are determined by independent valuer using the market approach for land, the replacement cost approach for buildings. The valuation involves certain assumptions and estimates as described in Note 18.

In addition, the management is required to review property, plant and equipment for impairment on a periodical basis and record impairment losses when it is determined that the recoverable amount is lower than the carrying amount. This requires judgements regarding forecast of future revenues and expenses relating to the assets subject to the review.

Goodwill

The initial recognition and measurement of goodwill, and subsequent impairment testing, require management to make estimates of cash flows to be generated by the asset or the cash generating units and to choose a suitable discount rate in order to calculate the present value of those cash flows.

The nature, pricing policy and agreements relating to the above transactions are summarised below:

- (1) These charges relate to goods and services that are consumed by customers in one part of Laguna Phuket but are billed centrally to the customer at the hotel in which the customer is staying. Such charges relate to meals at restaurants, golf fees, treatments at the spa and goods purchased at shops in the resort. On receiving the funds centrally from the customer, the hotel reimburses the company in which the goods and services are consumed. Actual receipts are paid and credit card commission is charged ranging from 2% to 5% of the revenue based on the commission rate charged by the credit card companies. Such inter resort charges are also incurred at Banyan Tree Bangkok and Laguna Golf Bintan primarily for treatments at the spa, goods purchased at the shops and golf fees at golf course.
- (2) Guarantee fee among group companies for permitting their assets to be pledged as collateral for other related companies' bank loans by charging on 1% of proportion of value of pledged assets to total loan facilities.
- (3) The Company charges a management fee to its subsidiaries for providing centralised duties and services for each operation in the group. The monthly fixed rate is charged dependent on the department serviced, except the internal audit service is charged by working hours.
- (4) Loans between group companies are unsecured and are denominated in Thai Baht. The loans carry interest at a rate equal to the lenders' borrowing costs per annum (based upon commercial bank's interest rates) plus a margin of 1.1%. The loans are repayable on demand, however it is expected that those loans would not be called for repayment in the short-term. Therefore, such loans are recorded as non-current assets/liabilities in the statements of financial position.
- (5) The terms of the operating agreements are disclosed in Note 35 and consist of a royalty agreement, hotel management agreement and technical assistance agreement. The payment terms of the contracts are as follows:

Royalty fee paid for the use of "Banyan Tree", "Angsana" and "Cassia" trademarks and all other proprietary rights associated with it.

- (i) Banyan Tree Phuket (Laguna Banyan Tree Limited), Cassia Phuket (Phuket Grande Resort Limited), Angsana Villas Resort Phuket (Bangtao Grande Limited) and Homm Suites Laguna (formerly known as "Laguna Holiday Club Phuket Resort") (Bangtao Grande Limited) pay a royalty fee of 2% of total revenue.

A subsidiary has a 49% shareholding in Laguna Excursions Limited. However, the subsidiary has recognised its share of the profits of this subsidiary at 100% after deducting the cumulative preferential annual dividend of 15% of the par value of the preference shares, in accordance with the income sharing percentage in the Articles of Association.

The Company has goodwill from purchase of shares in subsidiaries as follows:

	(Unit:	(Unit: Thousand Baht)			
	Consolida	Consolidated			
	financial stat	ements			
	2023	2022			
Thai Wah Plaza Limited	56,976	56,976			
Laguna Banyan Tree Limited	350,928	350,928			
Total	407,904	407,904			

Goodwill acquired through business combination was related to Thai Wah Plaza Limited and Laguna Banyan Tree Limited. Each entity has been identified as the single cash-generating unit ("CGU") for impairment testing.

The recoverable amount of the CGU is determined based on value in use calculations. These calculations use cash flow projections based on financial budgets approved by management covering a five-year period.

Key assumptions used for value in use calculations are as below:

	Thai Wah Pla	Plaza Limited Laguna Banyan Tree Lim		
	2023	2022	2023	2022
Growth rate (% per annum)	6.06	3.05	5.07	5.82
Discount rate (% per annum)	6.42	7.47	6.64	7.05

Management determined the budgeted growth rate based on past performance and its expectation for market development. The discount rate represents the current market assessment of the risks specific to the CGU, regarding the time value of money and individual risks of the underlying assets.

With regards to the assessment of value in use, management believes that goodwill is not impaired.

Management believes that any reasonably possible change in the key assumptions on which the units' recoverable amount are based would not cause the units' carrying amount to exceed its recoverable amount.

2023

The Group arranged for an independent professional valuer to re-appraise the value of certain assets in the report dated 28 December 2023 on an asset-by-asset basis. The basis of the revaluation was as follows:

- Land was revalued using the Market Approach.
- Buildings were revalued using the Replacement Cost Approach.

Key assumptions used in the valuation are summarised below:

					Result to fair value
	Consolidated financial		Separate	financial	whereas an increase in
	statements		statements		assumption value
	2023	2022	2023	2022	
Building - price per square					
metre (Baht)	1,000 - 80,000	1,000 - 78,000	1,500 - 17,500	1,000 - 16,000	Increase in fair value
Land - price per rai					
(Million Baht)	0.2 - 800.0	2.0 - 400.0	30.0	18.0	Increase in fair value

A significant increase in land prices in areas of Laguna Phuket and the vicinity of Banyan Tree Hotel in Bangkok is due to the high demand from investors seeking to purchase land in Phuket and Bangkok, particularly Padang Beach, Chengtalay, Bang Tao in Phuket, and Sathorn Road in Bangkok. The substantial investments in various real estate development projects within these locations, leading to a surge in overall land prices during 2023. This increase also includes the land prices of Laguna Phuket and Banyan Tree Bangkok, in response to the heightened market demand.

Had the land and buildings been carried in the financial statements on a historical cost basis, their net book value as of 31 December 2023 and 2022 would have been as follows:

			(Unit: Thousand Baht)			
	Consolid	ated	Separate			
	financial stat	tements	financial statements			
	2023	2022	2023	2022

Buildings	3,623,510	3,696,374	7,494	10,288		

As at 31 December 2023, certain buildings and equipment of the Group have been fully depreciated but are still in use. The gross carrying amount, before deducting accumulated depreciation and allowance for impairment loss, of those assets amounted to Baht 2,569 million (2022: Baht 2,288 million) (the Company only: Baht 61 million, 2022: Baht 60 million).

The subsidiaries have mortgaged land and buildings at fair value of Baht 12,718 million (2022: Baht 8,634 million) as collateral against credit facilities received from financial institutions.

Balance at ending of year	4,633,998	4,829,356	1,378,250	1,379,750		

The additional borrowings during the year are for the property development projects and working capital of hotel operations.

The loans are secured by mortgage of plots of land and buildings of its subsidiaries, as described in Notes 10, 17, 18. The loan in (1) above is guaranteed by the pledge of 10 million ordinary shares of Thai Wah Public Company Limited.

The loan agreements contain several covenants which, among other things, require the Group to maintain debt to equity ratios and debt service coverage ratios at the rate prescribed in the agreements.

As at 31 December 2023, the long-term credit facilities of the subsidiaries which have not yet been drawn down amounted to Baht 641 million (2022: Baht 323 million).

24. Provision for long-term employee benefits

25. Capital reserve

The capital reserve relates to the accounting of assets in subsidiaries at their fair values as at the acquisition date and cannot be used for dividend payments.

26. Revaluation surplus

This represents surplus arising from revaluation of property, plant and equipment.

The revaluation surplus can neither be offset against deficit nor used for dividend payment.

27. Statutory reserve

Pursuant to Section 116 of the Public Limited Companies Act B.E. 2535, the Company is required to set aside to a statutory reserve at least 5% of its net profit after deducting accumulated deficit brought forward (if any), until the reserve reaches 10% of the registered capital. The statutory reserve is not available for dividend distribution. At present, the statutory reserve has fully been set aside.

Servitude over land

As at 31 December 2023, some subsidiaries have land servitudes of approximately 11 rai (2022: 13 rai) in Phuket province, which are presented under property development cost and property, plant and equipment.

36. Guarantees

As at 31 December 2023 and 2022, there were bank guarantees amounting to Baht 50 million (the Company only: Baht 0.4 million) issued to various parties on behalf of the Group, mainly provided for the usage of electricity, other utilities and telecommunication channels.

37. Segment information

Operating segment information is reported in a manner consistent with the internal reports that are regularly reviewed by the chief operating decision maker in order to make decisions about the allocation of resources to the segment and assess its performance.

For management purposes, the Group is organised into business units based on its products and services and have the reportable segments as follows:

- Hotel business segment relates to hotel and restaurant operations including other relating businesses such as golf club and sales of merchandise.
- Property development segment relates to property sales and sale of holiday club memberships.
- Office rental segment relates to rental and service from land and buildings which managements manage for lease.
- Head office segment relates to expenses incurred by corporate office and is not allocated to other operating segments.

No operating segments have been aggregated to form the above reportable operating segments.

(Unit: Million Baht)

The chief operating decision maker monitors the operating results of the business units separately for the purpose of making decisions about resource allocation and assessing performance. Segment performance is measured based on operating profit or loss and on a basis consistent with that used to measure operating profit or loss in the financial statements.

The basis of accounting for any transactions between reportable segments is consistent with that for third party transactions.

The following tables present revenue and profit (loss) information regarding the Group's operating segments for the years ended 31 December 2023 and 2022, respectively.

39. Financial instruments

39.1 Financial risk management objectives and policies

The Group's financial instruments principally comprise cash and cash at banks, trade and other receivables, trade and other payables, investments, loans to and loans from. The financial risks associated with these financial instruments and how they are managed is described below.

Credit risk

The Group is exposed to credit risk primarily with respect to trade accounts receivable from the hotel, space rental, and property development businesses. For the maximum exposure to credit risk is limited to the carrying amounts as stated in the statement of financial position.

Trade accounts receivable

The Group manages the risk by adopting appropriate credit control policies and procedures and therefore does not expect to incur material financial losses. Outstanding customer receivables are regularly monitored and any shipments to major customers are generally covered by letters of credit or other forms of credit insurance obtained from reputable banks and other financial institutions. In addition, the Group does not have high concentrations of credit risk since it has a large and unrelated customer base.

An impairment analysis is performed at each reporting date to measure expected credit losses. The provision rates are based on days past due for groupings of various customer segments with similar credit risks. The Group classifies customer segments by geographical region, product type, customer type and rating. The Group does not hold collateral as security. The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. Generally, trade receivables are provision for doubtful debts if past due for more than one year and are not subject to enforcement activity.

Financial instruments and cash deposits

The Group manages the credit risk from balances with banks and financial institutions by making investments only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Group's Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the Group's Executive Committee. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through a counterparty's potential failure to make payments.

The credit risk on debt instruments is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies.

Foreign currency risk

The Group's exposure to the risk of changes in foreign exchange rates relates primarily to trading transactions and borrowings that are denominated in foreign currencies.

As at 31 December 2023 and 2022, the balances of the Group's financial assets and liabilities denominated in foreign currencies are summarised below.

Interest rate risk

The Group's exposure to interest rate risk relates primarily to their deposits with financial institutions, trade accounts receivable, long-term trade accounts receivable, trade accounts payables, bank overdrafts and loans. Most of the Group's financial assets and liabilities have floating interest rates or fixed interest rates which are close to the market interest rates. The Group does not use derivative financial instruments to hedge such risk.

As at 31 December 2023 and 2022, significant financial assets and liabilities classified by type of interest rate are summarised in the table below, with those financial assets and liabilities that carry fixed interest rates further classified based on the maturity date, or the repricing date if this occurs before the maturity date.

Interest rate sensitivity

As at 31 December 2023, a possible change in floating interest rates of loans from financial institutions from by 1% may affect the Group's profit (loss) before tax by Baht 37 million (2022: Baht 49 million).

The above analysis has been prepared assuming that the amounts of the floating rate loans from financial institutions, and all other variables remain constant over one year. Moreover, the floating legs of these loans from financial institutions are assumed to not yet have set interest rates. As a result, a change in interest rates affects interest receivable/payable for the full 12-month period of the sensitivity calculation.

Liquidity risk

The Group monitors the risk of a shortage of liquidity through the use of bank overdrafts, trade accounts payable, bank loans and lease contracts. As at 31 December 2023, approximately 38% of the Group's debt will mature in less than one year (2022: 37%) (the Company only: 22%, 2022: 28%) based on the carrying value of borrowings reflected in the financial statements. The Group has assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. The Group has access to a sufficient variety of sources of funding and debt maturing within 12 months can be rolled over with existing lenders.

The table below summarises the maturity profile of the Group's non-derivative financial liabilities as at 31 December 2023 and 2022 based on contractual undiscounted cash flows:

39.2 Fair value of financial instruments

The methods and assumptions used by the Group in estimating the fair value of financial instruments are as follows:

- a) For financial assets and liabilities which have short-term maturities, including cash and cash at banks, accounts receivable and accounts payable, their carrying amounts in the statement of financial position approximate their fair value.
- b) The fair value of equity securities is generally derived from quoted market prices, or based on generally accepted pricing models when no market price is available.
- c) The carrying amounts of short-term and long-term loans carrying interest at rates approximating the market rate, in the statement of financial position approximates their fair value.

During the current year, there were no transfers within the fair value hierarchy.

39.3 Reconciliation of recurring fair value measurements of financial assets categorised within Level 3 of the fair value hierarchy

40. Capital management

The primary objective of the Company's capital management is to ensure that it has appropriate financial structure and preserves the ability to continue its business as a going concern and it meets financial covenants attached to the loan agreements. The Group has complied with these covenants throughout the reporting periods. According to the statement of financial position as at 31 December 2023, the Group's debt-to-equity ratio was 0.97:1 (2022: 1.30:1) and the Company's was 0.71:1 (2022: 0.68:1).

41. Litigations

A subsidiary was sued by a buyer of property sales project and claimed for refund of his payment in the amount of Baht 20.9 million plus interest 7.5% calculated from Baht 17.2 million from the plaint date because of the delay of the completion of the construction.

On 16 March 2022, the Phuket Provincial Court dismissed the case.

In July 2022, the plaintiff appealed the Phuket Provincial Court's judgement to the Appeal Court.

On 17 October 2022, the subsidiary submitted the counter appeal statement to the Appeal Court.

On 17 March 2023, the Appeal Court reversed the Phuket Provincial Court's judgement and ordered the subsidiary to return of Baht 17.2 million plus interest at 7.5% from the date of the plaint to 10 April 2021 and interest at 5% from 11 April 2021 until the payment has been paid in full.

On 20 April 2023, the subsidiary submitted the appeal statement to the Supreme Court.

As at 30 September 2023, the subsidiary set up provision of Baht 6.7 million for such interest. The principal amount of Baht 17.2 million was previously recorded in advance received from customers account, however; it was reclassified to other payable during the period.

On 27 December 2023, the Supreme Court made an appointment to certify a settlement agreement to settle the outstanding disputes in relation to this case. Moreover, the subsidiary placed Baht 24.4 million to the Supreme Court as a part of such agreement. The Supreme Court postponed the certification to 16 January 2024.

On 16 January 2024, both parties have settled this case at the Supreme Court. The subsidiary agreed to return Baht 24.4 million to the plaintiff and the plaintiff accepted the payment and agreed not to proceed any legal cases against the subsidiary. Therefore, this case has been final.

42. Event after reporting period

On 21 February 2024, the meeting of the Company's Board of Directors passed the resolution to propose to Annual General Meeting of the Company's shareholders for approval of dividend payment from the retained earnings as at 31 December 2023. The dividend will be paid by cash at the rate of Baht 1.35 per share. The payment of the final dividend is dependent on approval being granted by the shareholders.

43. Approval of financial statements

These financial statements were authorised for issue by the Company's Board of Directors on 21 February 2024.

Management's Discussion and Analysis

Management's Discussion and Analysis (MD&A)

1 Analysis of Operating Results and Financial Position

For the year ended 31st December 2023, Thailand's hospitality sector experienced a post-pandemic tourism thrive which driven the overall hotel performance to surpass pre-pandemic level, together with a continued demand for property sales in Phuket. As a result, the performance of Laguna Resorts & Hotels Public Company Limited ("the Company:") is better than last year. The Company reported a net profit of 368 million this year, compared to a net profit of Baht 7 million last year.

Total revenue for the year increased by Baht 1,320 million as compared to last year due to the followings:

- The overall revenue from hotel operations which comprises hotel, golf, and retail operations increased by Baht 1,303 million. Since Thailand's hospitality businesses are continuously rebounding, both from local and foreign travelers, and the government also encourages and promotes tourism, as a result, the revenue in the current period has already exceeded the revenue in pre-COVID19. As a result, the occupancy rates, average daily rates (ADR), and revenue per available room (RevPAR) of hotels were significantly improved.
- Revenue from property development operations which comprises property sales and the sale of holiday club memberships decreased by Baht 51 million. The variance is largely attributed to the revenue recognition of property sales projects from last year, namely Skypark, Angsana Beachfront Residence, Banyan Tree Grand Residence projects, which has been reduced this year. The main property project was recognised for the property sales in this year, namely Angsana Oceanview project. At the time of this report, there was a total of Baht 9,944 million in the property sales backlog which will be recognised in the future.
- Other income increased by Baht 69 million mainly due to gain on revaluation of investment properties, and gain on sales of assets.

Total expenses increased by Baht 726 million as compared to last year which is generally attributed to the followings:

- The cost of hotel operations increased by Baht 738 million in line with an increase in the hotel revenue.
- The cost of property development operations decreased by Baht 162 million as a result of lower revenue recognition of property sales during this year.
- Selling expenses increased by Baht 215 million as a result of significantly higher commission expenses from travel agents from hotel operations, which ascended in line with the hotel revenue. Moreover, the Group held more property exhibitions in Russia this year to promote new property projects. In addition, Specific Business Tax rose in line with revenue recognition for property units during the year.
- Administrative expenses dropped by Baht 72 million mostly due to reversal of impairment on land and buildings this year. The primary reason for the reversal is the high demand from investors seeking to purchase land in Phuket and Bangkok. The substantial investments in various real estate development projects within these locations, leading to a surge in overall land prices during 2023.

Share of profit from investment in associates decreased by Baht 19 million due to decrease in profits from Thai Wah Plc during this period, mainly from Starch and food business as the increase in raw material cost was higher than the increase in selling price.

Finance costs increased by Baht 8 million, the key reason was because the Bank of Thailand announced continuing interest rate rises during the year. Even if the Group's loan amount declined, its interest cost calculated using the effective interest rate method has increased.

Income tax expenses rose by Baht 202 million mainly due to an increase in deferred tax liabilities, which the Group set up deferred tax liabilities related to revenue recognition of property projects namely Skypark and Angsana Oceanview projects this year. Furthermore, the current corporate income tax charge increased from the revenue recognition of the Skypark project, for which the developer of this project has fully utilized tax loss carry forward this year.

Profit attributable to the non-controlling interest of the subsidiaries increased by Baht 10 million, mostly due to good performance from the gallery business during this year.

For the reasons stated above, the Group's profit is higher as compared to the last year.

- Majority of countries such as Russia, Europe, Korea, Middle East and India have outperformed revenue from Pre-Covid by 30%, with India the strongest growth with more than double, mainly attributed to the wedding market. The only 2 countries that have underperformed were Japan and China. With Japan stagnating due to the conservative nature of the market, and China still undergoing macro economical struggles.
- The highest value source of reservations is Hotel Direct, mainly from email/phone, GDS, CRO and other at 58% of room revenue and 73% of room nights booked. Brand website bookings decreased from 11% of room revenue in 2022, to 7% in 2023 as the return of other segments such as wholesale, weddings and OTAs had a delayed ramping up of business in 2022 compared to hotel direct bookings.

(Unit: Million Baht)

(Unit: Million Baht)

Revenues and expenses for year 2023 were Baht 2,263 million and Baht 1,160 million, respectively, lower than
last year. The variance was largely attributed to the lower revenue recognition of Skypark Aurora – Building C
compared to last year Skypark Aurora – Building A&B. The operating margin of 49% was higher than the years
2022 and 2021 which were 43% and 4%, respectively.

• The remaining sold units totaling Baht 9,944 million will be recognized in the future barring any cancellations.

Balance Sheet

The main balance sheet items at 31 December 2023 and 2022 are as follows:

	Note	31 December 2023	31 December 2022
Cash and cash equivalents	1	1,453	1,178
Trade and other receivables	2	1,504	1,322
Property development cost	3	3,537	3,658
Investment in associates	4	1,077	991
Investment properties	5	1,624	1,417
Property, plant, equipment and land	6	18,596	12,251
Loans from banks	7	5,235	5,899
Deferred tax liabilities	8	4,150	2,862
Shareholders' equity	9	15,228	9,848

The main points regarding the Balance Sheet movements in the year ended 31 December 2023 are:

- 1. The main movements of cash and cash equivalents are explained in the commentary on Cash Flows below.
- 2. Trade accounts receivable and other account receivable balances are higher than last year due to the increase in receivables from hotel and property development operations of Baht 76 million along with higher amounts due from related parties and long-term trade accounts receivable of Baht 47 million and Baht 79 million, respectively. However, other receivables decreased by Baht 20 million resulting to total varience of Baht 182 million.
- 3. Property development cost decreased by Baht 121 million from last year as 157 units of Skypark project and 22 units of Angsana Oceanview project were recognised during the year.

- 4. The increase in investment in associates is attributed to share of profit from Thai Wah Public Company Limited.
- 5. The investment property increased from the prior year due to fair value adjustments recognised in December 2023.
- 6. The increase in property, plant, equipment and land is mainly due to lands and buildings revaluation during the year.
- 7. Loans from banks mainly decreased due to long-term loan repayments of Baht 320 million and lower balances of bank overdrafts and short-term loans of Baht 470 million offset by long-term loan draw drawn of Baht 125 million.
- 8. Deferred tax liabilities comprised of revaluation surplus on assets of Baht 2,953 million, gain on revaluation of investment properties of Baht 233 million, unearned income of Baht 1,477 million, and other temporary differences of Baht 162 million. The deferred tax liabilities were offset with Baht 675 million of deferred tax assets resulting to the balance of Baht 4,150 million.
- 9. The increase in shareholders' equity is due to Baht 376 million of net profit and Baht 5,004 million of other comprehensive income for the year 2023.

Cash Flows

The cash and cash equivalents of Baht 1,453 million as at 31 December 2023 is Baht 275 million increased from 31 December 2022. The main component of cash inflow during the year was the net cash flow from operations amounting to Baht 1,504 million. This was largely a function of advance received from customers during the year.

The drawdown of long-term loans from financial institutions of Baht 125 million, cash received from sales of fixed assets of Baht 59 million, and dividend received from investment in associate of Baht 19 million also contributed to the cash inflow in 2023.

Cash outflow comprised mainly of financing activities including long-term loan repayments of Baht 327 million, decrease in bank overdrafts and short-term loans of Baht 470 million, lease liabilities payment of Baht 53million, and cash paid for acquisition of investment properties of Baht 12 million.

The Group also invested in fixed assets of Baht 569 million which largely relates to hotel capital expenditures and the renovations of Banyan Tree Bangkok, Banyan Tree Phuket, and Angsana Phuket.

Cash Inflow	Million Baht	Cash Outflow	Million Baht
Long-term loan drawdown	125	Cash paid for acquisition of fixed assets	569
Cash received from sales of fixed asset	59	Decrease in bank overdrafts and short-term loans	470
Dividend received from investment in associate	19	Long-term loan repayment	327
Cash flow from operations	1,504	Payment of lease liabilities	53
		Cash paid for acquisition of investment properties	12
		Net exchange differences on translation	1

Commentary on Consolidated Financial Ratios

Liquidity ratios

- Current ratio This is lower than the prior-year due to an increase in current liabilities which are largely a function of advance receipts from customers.
- Quick ratio This is the same as the prior-year as cash and cash equivalents, and trade accounts receivable increased in similar proportion with current liabilities.
- Cash flow from operating activities ratio This is lower than the prior-year due to an increase in current liabilities while cash flow from operations is slightly lower than the prior-year.
- Receivable turnover This is higher than the prior-year due to a significant increase in revenue from hotel operations.
- Inventory turnover This is lower than the prior-year due to an increase in finished goods of Banyan Tree Gallery and guest supplies reserving for hotel customers.
- Inventory turnover period This is higher than the prior-year as the inventory turnover is low.
- Accounts payable turnover This is higher than the prior-year due to an increase in direct hotel operations expenses.
- Payment period This is lower than the prior-year as the accounts payable turnover is high.
- Cash cycle This is higher than the prior-year due to an increase in inventory turnover period.

Profitability ratios

- Gross profit margin This is higher than the prior-year due to an increase in revenues from hotel operations.
- Profit margin from operations This is higher than the prior year due to an increase in profit from hotel and property development operations.
- Net profit margin from operations and return on equity These are higher than the prior year due to an increase in gross profit from hotel and property development operations, an increase in other income from gain on changing fair value of lands and buildings, and a decrease in depreciation expenses.

Efficiency ratios

• Return on total assets and return on fixed assets – These are higher than the prior year due to an increase in revenue from hotel operations and gain on changing fair value of lands and buildings.

Financial policy ratios

- Debt to equity This is lower than the prior-year due to an increase in shareholders' equity which is largely a function of revaluation surplus on assets.
- Interest coverage and Pay-out ratio (cash) These are higher than the prior-year due to an increase in payment of interest and corporate income tax.
- Dividend payout ratio This is based on the dividend policy which is subject to the Board of Directors' discretion on the availability of cash after taking into account major capital expenditure and debt repayment obligations.

New financial reporting standards

(a) Financial reporting standards that became effective in the current year

During the year, the Group has adopted the revised financial reporting standards which are effective for fiscal years beginning on or after 1 January 2023. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards.

The adoption of these financial reporting standards does not have any significant impact on the Group's financial statements.

(b) Financial reporting standards that will become effective for fiscal years beginning on or after 1 January 2024

The Federation of Accounting Professions issued a number of revised financial reporting standards, which are effective for fiscal years beginning on or after 1 January 2024. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and, for some standards, providing temporary reliefs or temporary exemptions for users.

The management of the Group believes that adoption of these amendments will not have any significant impact on the Group's financial statements.

238 56-1 ONE REPORT 2023 Laguna Resorts & Hotels Public Company Limited

Property development projects for sale

Intangible Assets

The intangible assets of the Company and its subsidiaries comprise of goodwill amounting to Baht 57 million from the acquisition of 100 percent of Thai Wah Plaza Limited in 2005 and goodwill amounting to Baht 351 million from the acquisition of 49 percent of Laguna Banyan Tree Limited in 2002.

Goodwill is initially recorded at cost, which equals to the excess of the cost of the business combination over the fair value of the net assets acquired. If the fair value of the net assets acquired exceeds the cost of the business combination. The excess is immediately recognised as a gain in profit or loss.

Goodwill is carried at cost less any accumulated impairment losses. Goodwill is tested for impairment annually and when circumstances indicate that the carrying value may be impaired.

For the purpose of impairment testing, goodwill acquired in a business combination is allocated to each of the Company's cash-generating units (or group of cash-generating units) that are expected to benefit from the synergies of the combination. The Company estimates the recoverable amount of each cash-generating units (or group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit is less than the carrying amount, an impairment loss is recognised in profit or loss. Impairment losses relating to goodwill cannot be reversed in future periods.

Investment policy in subsidiary and associated companies

The Company has a policy of investing in subsidiary and associated companies which possess the same business activity and potential growth prospects. The appropriate return on capital is considered when making the investments. Such investments are made only after due consideration and approval either by the Board of Directors or Management depending on the size of investment as follows:

- Investments more than US\$ 10 million to be approved by the Board.
- Investments between US\$ 5 10 million to be jointly approved by the Chief Executive Officer and any 1 director.
- Investments less than US\$ 5 million to be approved by the Chief Executive Officer.

For subsidiary companies, the directors are appointed by the Company based on its controlling ownership interest. The directors are assigned the task of making significant policies, managing and controlling the subsidiary's operation consistent with the Company's policies, thereby ensuring a sufficient return on investment to it as well as the shareholders.

For associated companies, the directors are appointed by the Company based on the percentage of ownership. However, the Company has no significant influence over the management of the associates.

The current intention of management in regards to its investment policy is to pursue any investment opportunities both within and outside Laguna Phuket that provides the shareholders with a sufficient return on investment.

Asset Revaluation

As a policy, land and building revaluation by an independent appraiser will be made every 3 years. The buildings were revalued using the "Replacement Cost Approach" and land was revalued using the "Market Approach". Investment property revaluation by an independent appraiser will be made every year. Units in the office building, shops for rent and land awaiting for development/ sales were revalued using the "Market Approach".

Land and building of the Company were re-appraised in December 2023 to ensure that the assets were stated at fair value.

The detail of types of asset revaluation, the purpose of revaluation, name of the appraiser, and the date of revaluation is shown under the heading "Operating assets of the Company and its subsidiaries"

Attachment 5 Report of the ARCGC

Report of the Audit, Risk and Corporate Governance Committee

The Audit, Risk and Corporate Governance ("ARCG") Committee of Laguna Resorts & Hotels Public Company Limited comprises 3 independent directors, chaired by Mr. Vudhiphol Suriyabhivadh. The Committee conducted and performed relevant duties and key activities independently and in accordance with the Committee's charter and as assigned by the Board of Directors. The qualification of all three members of the Audit, Risk and Corporate Governance Committee are in accordance with the regulations of the SEC and the SET. All members are knowledgeable, competent, and experienced in accounting and finance, corporate risk management and overall business operations.

In 2023 the Audit, Risk and Corporate Governance Committee ("ARCG" or "Committee") convened 4 meetings with the Company's external auditors, internal auditors, and the Management to review operational results and financial reports of Laguna Resorts and Hotels Public Company Limited (the "Company") and its subsidiaries, its compliance with accounting standards and internal controls before approving the quarterly and annual financial statements. These meetings also included discussions with the Company's internal audit team to review findings, provide guidance, and follow up on matters arising from the work plan that the ARCG Committee has approved for 2023.

Apart from this, the ARCG Committee attended an exclusive non-management meeting with the Company's external auditor to exchange opinions and/or suggestions regarding cooperation with the management, deliberation on accounting approaches and in preparing of the Company's financial reports, audit plans for the current and next fiscal year, and to look into any other support the external auditor might acquire from the Company and to assure the external auditor could independently perform their duties.

Each of the ARCG Committee members attended all meetings convened in the year 2023. And the Committee has independently performed its duties and responsibilities stipulated in the Charter of the Audit, Risk and Corporate Governance Committee which comply with the good corporate conducts and guideline for the Audit Committee announced by the Stock Exchange of Thailand and Good Corporate Governance guidelines announced by the Securities and Exchange Commission. For the year 2023, the ARCG Committee has performed their duties with following activities as follows:

Financial Reports

The ARCG provided oversight of the financial reports and review of the quarter and annual financial statements of the Company and its subsidiaries for the year 2023. The financial statements were prepared in accordance with the Thai Financial Reporting Standards as disclosed in the audit report and the note to financial statements as of December 31, 2023.

The Committee reviewed the scope and audit plan, and obtained information on important matters relating to the financial statements preparation such as Key Audit Matters (KAMs), connected transaction, transaction with potential conflict of interest at each quarter meeting with the external auditor and head of the accounting department, before proposing them to the Board of Directors. Despite the complexity of the Group's structure primarily due to the integration of several resorts at Laguna Phuket, the ARCG Committee is satisfied that all connected transactions in 2023 were conducted on a fair, reasonable and based on an arms-length basis.

In 2023, the external auditor issued an unqualified opinion on the audited financial reports without material issues or observation.

The Audit, Risk and Corporate Governance Committee concluded that the financial reports preparation was appropriate.

Internal Control

The ARCG Committee oversees the internal audit functions by reviewing and approving annual audit plans and its amendment (if any), risk assessment process and internal control systems implemented with the Company's operations of each business unit. The Committee has provided constructive recommendations to internal audit functions and the implementation of corrective actions.

The Audit, Risk and Corporate Governance Committee is satisfied with the Group's internal controls' sufficiency and effectiveness in supporting the Company's operations and enabling the external auditors to express their opinion on the financial statements that they are presented fairly in all material respects. Some internal control weaknesses have been detected during the ARCG Committee's reviews, however they are not considered material and, in all cases, management has been alerted and put in place appropriate corrective action on timely basis, followed by ongoing proactive measures for potential risk exposures.

The Audit, Risk and Corporate Governance Committee concluded that the Company's risk management policies and processes, mitigation measures and works undertaken by the Company's Group Risk Committee, are adequate and effective.

Internal Audit Activity and Compliance with Code of Conduct

The ARCG Committee gives importance to the conduct of the auditing activities and compliance with the Code of Conduct by overseeing the internal control system, compliance with the laws, relevant rules and regulations, and the code of conduct. The Committee reviewed and approved an annual audit plan based on key risks of the Company. The internal audit activities were carried out on the assessment of key risk control points and/or processes to provide assurance on the efficiency and effectiveness of the internal control system for the Company's business operations and to prevent potential fraud, as well as to support the Company's sustainable growth.

The Audit, Risk and Corporate Governance Committee concluded that the audit activities were carried out appropriately, sufficiently and effectively according to the annual audit plan and aligned with the Company's goal, and the Company's business activities complied with the Code of Conduct.

Compliance with Securities and Exchange Commission Laws, the Stock Exchange of Thailand's requirements, applicable laws and regulations

The ARCG Committee is satisfied that the Company duly complies with relevant rules and regulations enforced by The Office of the Securities and Exchange Commission (SEC) and The Stock Exchange of Thailand (SET), and relevant laws which has enhanced the Company to develop its framework and practical guidelines for good corporate governance. As a pledge of the Company's ongoing commitment to operate its business ethically and to avoid any corruptive practices. Upon recommendation of the ARCG Committee, after the Company joint the Thailand Private Sector Collective Action Coalition Against Corruption (CAC), an Anti-Corruption Policy has been established and adopted. The Company has promoted anti-bribery and anti-corruption practices as clear guidelines for Directors, Executives, Employees, and related persons to comply with and in conducting the Company's businesses. The Company became a certified member of CAC in February 2019 and has successfully renewed the Certification of the CAC since early 2022.

Risk Management

The ARCG Committee reviewed the risk registers of the Company's major business units reported by the Company's Group Risk Committee. The Committee made recommendations and suggestion on the mitigation measures for identified risks and any potential risks to ensure the thorough completeness of the auditing tasks.

Audit, Risk and Corporate Governance Committee Charter

The ARCG Committee reviewed the charter of the Audit, Risk and Corporate Governance Committee annually to ensure the roles and responsibilities of the Committee comply with the regulations of the SEC and SET.

The Audit, Risk and Corporate Governance Committee concluded that the roles and responsibilities are in accordance with the Audit, Risk and Corporate Governance Committee Charter.

Corporate Governance Policy

The ARCG Committee annually reviewed relevant policies to ensure these policies are up-to-date and effective. For the year 2023, the ARCG consider amending the Corporate Governance Policy to align with the Corporate Governance Code and with the practicalities of the Company.

The Audit, Risk and Corporate Governance Committee concluded that amendments of the Corporate Governance Policy, and proposed to the Board of Directors to approve accordingly.

Sustainability Committee and its Charter

The management proposed to the ARCG Committee that under the framework of the Corporate Governance, it deems appropriate for the Company to establish the Sustainability Committee. The management proposed the Sustainability Committee composition and charter for the ARCG to review.

The Audit, Risk and Corporate Governance Committee concluded to agree with the establishment of the Sustainability Committee and its charter, and recommended to the Board of Directors to appoint the Sustainability Committee and approve the charter.

Selection and Appointment of External Auditor

The ARCG Committee has recommended the Board to appoint 1) Mrs. Nummon Kerdmongkhonchai, Certified Public Accountant No. 8368 and/or 2) Ms. Pimjai Manitkajohnkit, Certified Public Accountant No. 4521 and/or 3) Ms. Orawan Techawatanasirikul, Certified Public Accountant No. 4807 and/or 4) Ms. Kirdsiri Kanjanaprakasit, Certified Public Accountant No. 6014, of EY Office Limited to be the Company's auditors for the fiscal year 2024 with a recommended audit fee for LRH Group of Baht 8,580,000. The appointment of the auditors and the auditing fee would be subject to the approval at the Annual General Meeting of Shareholders.
